## An Act respecting the Sisters Adorers of the Precious Blood of Ottawa.

**W**HEREAS the Sisters Adorers of the Precious Blood <sup>Preamble.</sup> of Ottawa has represented by its petition that it is a corporation duly incorporated without share capital, under *The Ontario Companies' Act*, by Letters Patent dated the 16th day of February, A.D. 1909, for the following purposes, namely: (a) To establish, maintain and carry on an association or community for the purpose of divine worship, piety, mercy and charity, consistent with a contemplative life; (b) To purchase, acquire, hold, lease, accept and receive under any legal title, personal property of any kind whatsoever for the said purposes; (c) To borrow for the purposes of the corporation; (d) To found, establish and maintain in the said Province of Ontario, monasteries, novitiates and branches; and (e) To provide or establish private burying places for the deceased members of the association; and whereas the said petition further represents that the monastery is chiefly maintained by charitable donations from friends of the institution and voluntary contributions from those who attend the church or chapel attached to the institution; that the Sisters also make objects of piety and church-ware and that the sale of these articles supplements to some extent charitable donations as a source of revenue, but that a large quantity of the articles so made are given away gratis to those who have not the means to pay for them as well as to others; that an important portion of the work of the Sisters is in relieving the wants of the sick and poor and that during the year large numbers of persons visit the monastery seeking relief and are afforded it and that certain of the Sisters who are dispensed from the rule requiring the community to live cloistered, spend their time in visiting the sick in their homes, and in these ways the Sisters dispense during the year considerable sums of money in cash and also relief in kind to a very much larger extent and that in addition to these other good works, persons requiring spiritual consolation are received in the monastery from time to time for temporary residence and spiritual relief; that moreover a school is maintained in

connection with the monastery in which persons intending to enter the Order are given clerical and religious instruction; and whereas, by reason of the work which the corporation is carrying on, the corporation has, by its said petition, prayed for the passing of an Act providing that the buildings of the corporation and the land whereon the same are erected, and which are used in connection therewith, situated within the City of Ottawa, so long as the same are occupied by and used for the corporation; shall be exempt from taxation; and whereas it is expedient to grant the prayer of the said petition:

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Exemption  
of property  
from  
taxation.

**1.** The buildings of the Sisters Adorers of the Precious Blood of Ottawa, and the lands whereon the same are erected, and which are used in connection therewith, situated within the City of Ottawa, so long as the same are occupied and used for the purposes of the corporation, shall be exempt from taxation.

## An Act respecting the City of Toronto.

**W**HEREAS the Corporation of the City of Toronto has, Preamble.  
by petition, prayed for special legislation in respect of the several matters hereinafter set forth; and whereas the said corporation, at the general expense and with the assent of the electors, established and has operated for about ten years sewage disposal works for the interception and purification of the sewage of the said corporation, but did not pass a by-law for the establishment of the said works, as required by *The Municipal Act*; and whereas it is desirable to sanction the said establishment and operation of the said works and to grant other relief with reference thereto; and whereas, to enable the said corporation more readily and profitably to dispose of debentures, it is desirable that the by-laws specified in Schedule "A" hereto should be confirmed; and whereas no objections have been made to any of the said by-laws, and no opposition has been offered to the confirmation of the same; and whereas it is desirable to grant special powers to the said corporation as to the planting, trimming, care of and removal of trees for ornamental purposes in the highways of the said corporation; and whereas it is desirable to validate certain sales of lands for arrears of taxes, and to remove any doubts that may arise as to the validity thereof; and whereas it is desirable to impose certain restrictions upon the subdivision of vacant lands in the said municipality with reference to the cost of local improvements and other public services, a large part of which would fall upon the general ratepayers of the municipality; and whereas large tracts of land of adjoining municipalities are from time to time annexed to the said municipality, which obtain special advantages as to sewer outlets without sharing any part of the cost thereof, and it is desirable to grant special powers to recover a part of the cost thereof from the owners of such lands upon annexation thereof to the said municipality; and whereas the said corporation has, at great cost and expense, established and maintains a system of sewers, intercepting sewers and sew-

age disposal works which, owing to the rapid growth of the said corporation, threaten to become inadequate to provide for the needs of the said municipality; and whereas the said system and works cannot be further burdened with the care of sewage from lands without the borders of the said municipality; and whereas, under section 2 of an Act passed by this Legislature in the fifth year of His Majesty's reign, an obligation was cast upon the said municipality to allow the Township of York to connect all sewers then existing, or which might thereafter be constructed in the Township of York, to the sewer system of the said municipality; and whereas it is desirable that the ratepayers of the said municipality should not be further burdened with this obligation, and that the said Act should be repealed; and whereas it is expedient to grant the prayer of the said petition:

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Operation  
of sewage  
disposal  
works on  
Eastern  
Avenue.

1.—(1) Notwithstanding the provisions of *The Municipal Act*, or any other Act of this Legislature, or the decision or order of any court, the Corporation of the City of Toronto may maintain and operate the Sewage Disposal Works situated on Eastern Avenue in the said city, together with all works, services and appurtenances necessary thereto, and no suit, action or other proceeding shall be brought against the said corporation for damages or other relief in respect of the maintenance and operation of the said works unless the said corporation shall have failed to comply with any order, regulation or direction of the Provincial Board of Health relative to such maintenance and operation.

Pending  
litigation  
not affected.

(2) This section shall not apply to deprive any person of any damages heretofore awarded by the judgment, order or direction of any court.

By-laws  
specified in  
Sched. A  
confirmed.

2. The by-laws of the said corporation, specified in Schedule "A" hereto, and all debentures issued or to be issued thereunder, and all assessments made or to be made, and all rates levied or to be levied for the payment thereof, are validated and confirmed, and the said corporation is declared to have had power to pass, issue and levy the same.

Planting  
and  
trimming  
of trees.

3. Notwithstanding the provisions of *The Municipal Act*, or any other Act of this Legislature, the council of the said corporation may pass by-laws for authorizing the Park Commissioner, or any other officer appointed for that purpose, or a committee of the council, to:—

- (a) Plant, or cause to be planted, trees in the highways of the municipality;
- (b) Trim, or cause to be trimmed, all trees on private property, the branches of which extend over the highway;
- (c) Trim, transplant, cut down or remove, or cause to be trimmed, transplanted, cut down or removed, any trees planted or growing in any highway, square, lane, or other public communication, without notice to the owner or occupant of adjoining property and without payment of compensation therefor;
- (d) Neither the said corporation, nor any person acting under the authority of a by-law for the purposes mentioned in the preceding clauses of this section, shall incur any liability by reason of anything done under the authority of the by-law if reasonable care, skill and judgment are exercised in the doing of it, nor shall the said corporation be liable to make compensation to the owner or occupant of the land further than as provided by this section.

4. The council of the said corporation may pass by-laws to prohibit any change in the use of, or the purposes for which any building is used, without the approval of the council and a permit being obtained therefor from the City Architect, or some other officer appointed for the said purpose, and may impose penalties for breaches of such by-laws. Such penalties, however, shall not exceed in amount those which may be imposed for breaches of by-laws passed under *The Municipal Act*.

5. By-law Number 7778 of the said corporation, passed on the 5th day of March, 1917, set forth in Schedule "B" hereto, is hereby validated and confirmed, and the city council is hereby declared to have had authority to pass the same, and service of a certified copy thereof at the Head Office of the Toronto Suburban Railway Company in the City of Toronto shall be deemed good and sufficient notice thereof to the said company.

6. All sales of land within the said municipality made since the 1st day of January, 1905, purporting to be made by the said corporation for arrears of taxes in respect of land so sold are hereby validated and confirmed, and all deeds of land so sold executed by the Mayor, Treasurer and Clerk of the said Corporation, purporting to convey the said land so

sold to the purchaser thereof, or his assigns, or to the said corporation, shall have the effect of vesting the land so sold and conveyed, and the same is hereby vested, in the purchaser or his assigns, and his and their heirs and assigns, or in the said corporation and its assigns, as the case may be, in fee simple free and clear of and from all right, title and interest whatsoever of the owners thereof at the time of such sale, or their assigns, and of all charges and encumbrances thereon (except taxes accrued after those for non-payment whereof the said lands were sold).

Power to  
levy whole  
cost of  
local im-  
provements  
and other  
services on  
land pro-  
posed to be  
subdivided.

7. Notwithstanding the provisions of *The Local Improvement Act*, or any other Act of this Legislature, all parcels or tracts of land within the limits of the said municipality shall, upon a subdivision thereof and as a condition precedent to the right to subdivide the same, be liable to bear, and shall pay—

(a) The entire cost of all local improvement works undertaken and completed with reference to such lands;

(b) The entire cost of all services and public utilities supplied for the benefit of such lands by the said municipality;

and such entire cost of such works, services and public utilities may be levied solely upon the said lands, and the said corporation need not assume or pay any part thereof.

Levying of  
rates against  
annexed land  
for sewer  
outlet.

8.—(1) The said corporation may levy and collect against lands annexed to the municipality rates for the cost of any sewer outlet constructed within the municipality before such lands were annexed to the municipality, where such outlet benefits, or may benefit, such lands.

Amount  
of rate.

(2) Such rates shall be equal in amount to those levied upon other lands within the municipality, and shall be levied for the same period of time.

Collection  
of rates.

(3) All such rates may be levied and collected against such lands under the provisions of *The Local Improvement Act* as though the same had been within the municipality at the time such outlet was undertaken and constructed, and had been undertaken and constructed for the benefit of such lands.

Application  
of section.

(4) The provisions of this section shall apply to any sewer outlet, for the cost of which rates are being levied at the date of the passing hereof, where lands, although not within the municipality at the time such outlet was undertaken and constructed, are at the date of the passing hereof benefited or may hereafter be benefited by such outlet.

5 Geo. V.  
c. 80, s. 2,  
repealed.

9. Section 2 of the Act passed in the fifth year of His Majesty's reign, and chaptered 80, is hereby repealed.

W. Hewetson Company, Limited, a bonus by way of loan of the sum of \$30,000;

And whereas, in order to provide the said bonus by way of loan, it will be necessary to issue debentures of the said municipality for the sum of \$30,000 as herein provided (which is the amount of the debt intended to be created by this by-law), the proceeds of the said debentures to be applied for the purpose aforesaid and to no other, and the said debentures shall be payable as hereinafter provided;

And whereas it is desirable to issue the said debentures at one time and to make the principal of the said debentures payable by yearly sums during the period of twenty years, being the currency of the said debentures, said yearly sums being of such respective amounts that the aggregate amount payable each year for principal and interest, in respect of the said debt, shall be, as nearly as possible, equal to the amount so payable in each of the other nineteen years of said period;

And whereas the amount required to be raised annually by special rate for paying the said debt and interest, as hereinafter provided, is \$2,615.54;

And whereas the amount of the whole rateable property of the Town of Orangeville, according to the last revised assessment roll thereof, is \$986,095;

And whereas the amount of the existing debenture debt of the said municipality is the sum of \$94,867.31, whereof no principal or interest is in arrear;

And whereas there is at present no shoe factory in the said Town of Orangeville:

Therefore the Municipal Council of the Town of Orangeville enacts as follows:—

1. That the said agreement, bearing date the tenth day of February, 1919, made between J. W. Hewetson Company, Limited, of the first part, and the Corporation of the Town of Orangeville, of the second part, set out in Schedule "A" hereto, is hereby approved of.

#### SCHEDULE "A" REFERRED TO IN THE FOREGOING BY-LAW.

Memorandum of Agreement, made in duplicate the tenth day of February, one thousand nine hundred and nineteen,

Between

J. W. Hewetson Company, Limited, herein called the "Contractor," of the first part;

and

The Corporation of the Town of Orangeville, herein called the "Corporation," of the second part.

Whereas it is deemed advisable in the best interests of the Corporation that certain inducements should be given to procure the location in the municipality of manufacturing plants, which would afford suitable employment for a number of its citizens, and to that intent, in consideration of the mutual covenants herein contained, it is agreed between the parties hereto as follows:—

1. The Contractor will procure a factory site within the limits of the said Corporation and will erect thereon a modern shoe factory of brick, stone or cement construction or a combination thereof, of at least two storeys with a basement thereunder and having a floor space of not less than twenty thousand square feet, and will, subject to the provisions hereof, maintain and operate, and keep the same in repair and operation during the currency of this agreement.

2. The said factory will be equipped with proper and sufficient machinery to enable Contractor to manufacture 1,500 pairs of shoes per day.

3. The said factory, including the buildings, equipment and land, used in connection therewith, shall actually cost at least \$50,000, and the factory shall be completed and in operation within twenty-four months from the passing of the necessary by-law by the municipality to enter into this contract. The Contractor shall furnish the Corporation with a statutory declaration, showing the actual cost of such factory, including buildings, equipment and lands, and shall, in addition, produce all receipts, invoices, accounts and vouchers necessary to prove such cost.

4. During the currency of the mortgage herein mentioned, the Contractor will maintain fire insurance on the said factory and

equipment, in companies approved of by the Corporation, to an amount \$2,000 in excess of the total indebtedness of the Contractor to the Corporation, from time to time under the mortgage herein mentioned, provision for which shall be incorporated in the said mortgage, and which insurance shall be payable to the Corporation to the extent of the indebtedness under said mortgage.

5. Should the factory be wholly or partially destroyed by fire at any time or times during the currency of this agreement, the Contractor will forthwith and with all reasonable diligence and despatch proceed to restore or repair the same, and in doing so, upon giving security to the satisfaction of the Corporation that he will completely restore or repair the said factory, shall receive from the Corporation the moneys obtained by it, in respect of the insurance on the said factory, by interim monthly advances of seventy per cent. of the amount expended on restoration or repairs, and shall receive the balance of said insurance money when the said factory is completely restored or repaired.

6. In default of the Contractor proceeding to restore or repair the said factory as aforesaid, within six weeks from the date of the total or partial destruction thereof, and continuing the same to completion with reasonable despatch, so that it will be restored or repaired within twelve months from the time of the total or partial destruction thereof, as the case may be, the Corporation may apply the insurance moneys received by it and unadvanced as aforesaid in payment of the amount owing on the said mortgage.

7. The Contractor will, for at least ten months of each year, of the succeeding nineteen years after the expiration of one year from the commencement of the operation of said factory, employ in the said factory an average of at least sixty employees per day, exclusive of officers of the company, of whom one-third at least shall be male adults, and all said employees shall reside within the limits of the Corporation of Orangeville.

8. The Contractor agrees that the annual wages paid in the operation of said factory during the said nineteen years respectively shall be not less than thirty-five thousand dollars in each year thereof.

9. The Contractor will, if so required by the Corporation in writing, within the last month prior to the accruing due of any payment of interest under the mortgage hereinafter mentioned in any year of the said period of nineteen years, furnish the Corporation with evidence by statutory declaration, made by some person having knowledge of the facts, showing the number of employees employed in the factory and the amount of wages paid during the current year.

10. The Contractor will give to the Corporation a first mortgage, made in pursuance of the *Short Forms of Mortgages Act*, and containing the usual statutory covenants for the sum of \$30,000, in fee simple, free from all encumbrances, charges, dower or liens upon the said buildings, plant and machinery and electric equipment and all additional or substituted buildings, plant and machinery, and electric equipment, to be as between the parties hereto, real estate and fixtures and to be incorporated in and covered by the said mortgage. The said mortgage shall be dated as of the date of the first advance hereunder and shall be conditioned to become void on payment of \$10,000 in ten equal, annual, consecutive instalments of \$1,000 each, the first of such instalments to become due and be made one year after the commencement of operation of the said factory, and the balance of \$20,000 in ten equal, annual, consecutive instalments of \$2,000 each, the first of which shall become due and be made eleven years after the commencement of operation of the said factory, together with interest at the rate of six

per cent. per annum, to be computed from one year after commencement of the operation of said factory, payable with each instalment of principal on the principal moneys secured by the said mortgage from time to time remaining unpaid. The said mortgage shall among other things provide that the principal money and interest remaining unpaid shall all become due and payable in the event of the Contractor failing after six months' notice in writing to keep and observe all the covenants and provisions of this agreement, in regard to employment and payment of wages, unless excused under the terms hereof. Provided, however, that if the evidence required by the preceding paragraph hereof shall not be required by the Corporation as aforesaid, or if required shall be furnished by the Contractor, showing that the provisions herein contained for employment and payment of wages have been satisfied during the current year, then, and in either of such cases, any interest on the principal secured by the said mortgage for the current year shall be deemed paid and satisfied, but nothing herein contained shall prevent the recovery of interest for the period represented by any such declaration, should the said declaration afterwards be proved to be false, and should it appear that the provisions herein contained for employment and payment of wages had not been satisfied during the period covered by such declaration.

11. It is agreed that any excess of labour or payment of wages in any year of said term shall not be considered as payment or part payment, or satisfaction, of the obligations of the Contractor for any other period of said term.

12. Should a by-law be passed by the duly qualified electors of the Corporation, authorizing the execution of this agreement, and the Contractor fail to carry out the obligations to be performed hereunder on the part of the Contractor, he shall pay to the Corporation the sum of \$100 toward the expense of submitting the said by-law, and shall not be liable for any further amount by reason of such default.

13. The Corporation agrees to advance to the Contractor, when the said mortgage is so given, the costs of all labour and materials supplied and used in or about the construction of the said buildings in excess of \$10,000, to the extent of \$20,000, on the joint certificate of the architect employed by the Contractor and the mayor of the said Corporation, or, if no architect is employed, then on the certificate of the said mayor and the balance of the said sum of \$30,000 upon the completion of the said buildings and the installation of all plant, machinery and electric equipment therein, according to the provisions of this agreement, and upon the said factory being in running operation as a going concern for one week, but the Corporation shall not be required to advance any moneys until two months after the by-law to be submitted to the electors has been finally passed.

14. The Corporation will grant to the Contractor exemption from all municipal taxation of the lands comprised in said mortgage or used in connection with said factory and all buildings, plant and machinery and personal property therein and used in connection therewith, including any business assessment, but not including school taxes and local improvement taxes, for a period of ten years, from and after the going into effect of this agreement, but such exemption shall cease during any period of default hereunder, upon the Contractor failing for six months to carry out the terms, provisions and conditions of this agreement in respect of employment or payment of wages.

15. The Corporation, after providing for the requirements of its domestic water consumption and fire protection and existing contracts for water, of which the Corporation shall be the sole

judge, will supply to the contractor for use and operation of the said plant such quantity of water as may be required by it from time to time for such purposes at the price of three cents per 1,000 gallons. Provided, however, that the Corporation shall not be required to increase the existing capacity of its water works plant for the purpose of so doing; but should the Corporation fail to supply the Contractor with water required by it as aforesaid, the Contractor shall thereupon be relieved from its obligation hereunder, in respect of operation of said factory and payment of wages during the period of such failure.

16. The said Corporation will furnish the Contractor with a septic tank, and if a sewerage system be subsequently established in the Town of Orangeville, agrees to connect the said factory with the same if the pipes needed to do so are not required to be laid more than 100 feet to the street line of the factory property, and will also place one of its fire hydrants for fire protection on the street at a point within 100 feet of said factory.

17. The Contractor hereby agrees to take from the Orangeville Hydro Commission and use electric power for all power or lighting purposes necessary for use in connection with such factory, at a price to be fixed by the Hydro-Electric Commission of Ontario, while the Orangeville Hydro Commission is able to supply the same, but in case of the Orangeville Hydro Commission being unable to supply same, the Contractor may obtain power from any other source during the period of such failure.

18. Should legislation be secured by the Corporation approving the same, the Corporation will grant to the Contractor exemption from all municipal taxation of the lands comprised in said mortgage and used in connection with said factory and all buildings, plant and machinery and personal property therein and used in connection therewith, including any business assessment but not including school taxes and local improvement taxes, for a period of twenty years from and after the going into effect of this agreement, but such exemption shall cease during any period of default hereunder, upon the Contractor failing for six months to carry out the terms, provisions, and conditions, of this agreement, in respect of employment or payment of wages.

19. Provided also, and it is agreed, that, notwithstanding anything herein contained, the period of time involved in any strike of workmen engaged in the construction of the said factory, or the time which the operation of the said factory may be suspended in all or in part, through any strike of employees employed therein, or through fire, tempest, insufficient supply of water or unavoidable accident, shall not be included in any of the times hereinbefore fixed for the completion of the factory, or operation thereof, or otherwise, and shall not operate as default hereunder.

20. The word "Factory" in this agreement shall, unless inconsistent with the context, include buildings, plant, machinery and electric equipment.

21. The Contractor agrees with the Corporation that he will, at any time within twenty years from the going into effect of this agreement, consent in writing to the granting of a bonus, loan or guarantee by the said Corporation to one or more shoe factories, or to one or more industries of a similar nature to that to be established under this agreement by the Contractor.

22. The Corporation, after legislation has been obtained for that purpose, will as soon as the same can be done, submit a by-law to the qualified ratepayers, authorizing the execution of this agreement and providing for the borrowing of the said sum of \$30,000 agreed to be loaned.

23. Should the said legislation not be obtained or the said by-law not be approved by the qualified ratepayers, or subsequently quashed, then this agreement shall be null and void.

24. It is further agreed that these presents shall enure to the benefit of and be binding upon the parties hereto, their successors and assigns respectively.

In witness whereof the Contractor hath hereunto affixed its Corporate Seal and the signatures of its proper officers, and the said Corporation hath hereunto affixed its Corporate Seal and the signatures of its Mayor and Clerk.

An Act to confirm a By-law of the Town of Orangeville to loan \$30,000 for the establishment of a Shoe Factory.

**W**HEREAS the Corporation of the Town of Orangeville, by petition, has represented that the Council thereof has unanimously given a first and second reading to a by-law of the said town to authorize the issue of debentures of the Town of Orangeville to the amount of \$30,000 in two sets of \$15,000 each to grant a bonus by way of loan of \$30,000 for the establishment of a shoe factory in the Town of Orangeville and to exempt certain property of the said factory from municipal taxation and to fix the rate for water supplied for the purposes and on the terms in the said by-law set out; and whereas the said Corporation of the Town of Orangeville has, by the said petition, prayed that an Act may be passed confirming, legalizing and validating the said by-law and the agreement therein set out; and whereas it is expedient to grant the prayer of the said petition:

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. The said by-law of the Corporation of the Town of Orangeville, set out in Schedule "A." hereto, and all debentures to be issued thereunder, and the said agreement are hereby ratified, confirmed and declared to be legal, valid and binding upon the said corporation, the ratepayers thereof and all parties to the said agreement, subject to the said by-law receiving the assent of the electors in the manner required by *The Municipal Act respecting Bonus By-laws*, but nothing herein contained shall make the limitation of power to bonus contained in clause "D" of section 396 of *The Municipal Act* applicable to said by-law.

By-law  
granting  
bonus of  
\$30,000 and  
exemption  
from  
taxation  
confirmed.

Rev. Stat.,  
c. 192.

## SCHEDULE "A."

BY-LAW No. ....

Being a by-law to authorize the issue of debentures of the Town of Orangeville to the amount of \$30,000 in two sets of \$15,000 each to grant a bonus by way of loan of \$30,000 for the establishment of a shoe factory in the Town of Orangeville and to exempt certain property of the said factory from municipal taxation and to fix the rate for water supplied.

Whereas J. W. Hewetson Company, Limited, has entered into the agreement with the Corporation of the Town of Orangeville set out in Schedule "A" hereto, which is hereby incorporated in and is to be read and construed as part of this by-law;

And whereas it is advisable upon the said J. W. Hewetson Company, Limited, complying with the terms, provisions and conditions of the said agreement on its part to be performed prior to the grant of such bonus by way of loan that the Corporation of the Town of Orangeville should grant to the said J. W. Hewetson Company, Limited, a bonus by way of loan of the sum of \$30,000 in two sums of \$15,000 each as in the said agreement provided;

And whereas in order to provide the said bonus by way of loan it will be necessary to issue debentures of the said municipality for two sums of \$15,000 each as herein provided (which is the amount of the debt intended to be created by this by-law) the proceeds of the said debentures to be applied for the purpose aforesaid and to no other and the said debentures shall be payable as hereinafter provided;

And whereas it is intended that the proposed expenditure in connection with the said shoe factory will extend over a series of years and that for the said purpose the sum of \$15,000 will be required within two years after the final passing of this by-law and the sum of \$15,000 within five years after the final passing of this by-law, and—it being in the opinion of the Municipal Corporation of the said Town of Orangeville, undesirable to have large portions of the money to be raised under this by-law in hand unused and uninvested—it would be to the advantage of the municipality to issue the said debentures in installments as hereinafter provided, each installment of the debt thereby respectively secured together with the interest thereon being made payable in equal, annual installments extending over twenty years from the date of the issue of the debentures respectively representing the same;

And whereas it is desirable to make the principal of the said debentures payable by yearly sums during the period of twenty years after the issue of each installment being the currency of the said debentures said yearly sums being of such respective amounts that the aggregate amount payable each year for principal and interest in respect of the said debt shall be as nearly as possible equal to the amount so payable in each of the other nineteen years of said period;

And whereas the total amount required by *The Municipal Act* to be raised annually during the first of such periods of twenty years for paying the first installment of the said debt and interest thereon is \$1,307.77 and during the second of such periods of twenty years for paying the second installment of said debt and interest thereon is \$1,307.77;

And whereas the amount of the whole rateable property of the Town of Orangeville according to the last revised assessment roll thereof is \$986,095;

And whereas the amount of the existing debenture debt of the said municipality is the sum of \$94,867.31 whereof no principal or interest is in arrear;

And whereas there is at present no shoe factory in the said Town of Orangeville;

Therefore the Municipal Council of the Corporation of the Town of Orangeville enacts as follows:

1. That the said agreement bearing date the thirty-first day of March, 1919, made between J. W. Hewetson Company, Limited, of the first part, and The Corporation of the Town of Orangeville, of the second part, set out in Schedule "A" hereto is hereby approved of.

2. The Municipal Council of the said Town of Orangeville is hereby authorized and empowered to grant a bonus by way of loan to the said J. W. Hewetson Company, Limited, and for the purpose of raising the said sum of \$30,000 in two installments of \$15,000 each required for the purpose aforesaid, debentures of the said Town of Orangeville to the amount in all of \$30,000 in two sets of \$15,000 each in sums of not less than \$100 each bearing interest at the rate of six per cent. per annum payable yearly on the anniversary of the date of the issue thereof and having coupons attached thereto for the payment of interest shall be issued and the said principal and interest shall be payable at the Sterling Bank of Canada in the said Town of Orangeville.

3. \$15,000 of the said debentures shall be issued within two years after the date on which this by-law is passed and a further sum of \$15,000 within five years after the date on which this by-law is passed, if the terms, provisions and conditions of the hereinbefore mentioned agreement prior to the issue of the said debentures on the part of the said J. W. Hewetson Company, Limited, have been observed and performed.

4. Both sets of the said debentures shall bear date of the day of issue thereof and shall be payable in twenty annual installments during the twenty years next after the time when the same are issued and the respective amounts of principal and interest payable in each of such years shall be as follows:

Year, No.	Principal.	Interest.	Total.

Whereas it is deemed advisable in the best interests of the corporation that certain inducements should be given to procure the location in the municipality of manufacturing plants, which would afford suitable employment for a number of its citizens, and to that intent, in consideration of the mutual covenants herein contained, it is agreed between the parties hereto as follows:

1. The contractor will procure a factory site within the limits of the said corporation and will erect thereon a modern shoe factory of brick, stone or cement construction or a combination thereof, of at least two storeys with a basement thereunder or one storey with a basement thereunder and having a floor space of not less than ten thousand square feet, and will, subject to the provisions hereof, maintain and operate, and keep the same in repair and operation during the currency of this agreement.

2. The said factory will be equipped with proper and sufficient machinery of sufficient capacity to manufacture 500 pairs of shoes per day.

3. The said factory, including the buildings, equipment and land, used in connection therewith, shall actually cost at least \$25,000, and the factory shall be completed and in operation within twenty-four months from the passing of the necessary by-law by the municipality to enter into this contract. The contractor shall furnish the corporation with a statutory declaration, showing the actual cost of such factory, including buildings, equipment and lands, and shall in addition produce all receipts, invoices, accounts and vouchers necessary to prove such cost.

4. During the currency of the mortgage herein mentioned the contractor will maintain fire insurance on the said factory and equipment, in companies approved of by the corporation to an amount \$2,000 in excess of the total indebtedness of the contractor to the corporation, from time to time under the mortgage herein mentioned, provision for which shall be incorporated in the said mortgage, and which insurance shall be payable to the corporation to the extent of the indebtedness under said mortgage.

5. Should the factory be wholly or partially destroyed by fire at any time or times during the currency of this agreement, the contractor will forthwith and with all reasonable diligence and despatch proceed to restore or repair the same, and in doing so, upon giving security to the satisfaction of the corporation that it will completely restore or repair the said factory, shall receive from the corporation the moneys obtained by it, in respect of the insurance of the said factory, by interim monthly advances of seventy per cent. of the amount expended on restoration or repairs and shall receive the balance of said insurance money when the said factory is completely restored or repaired.

6. In default of the contractor proceeding to restore or repair the said factory as aforesaid, within six weeks from the date of the total or partial destruction thereof, and continuing the same to completion with reasonable despatch, so that it will be restored or repaired within twelve months from the time of the total or partial destruction thereof, as the case may be the corporation may apply the insurance moneys received by it and unadvanced as aforesaid in payment of the amount owing on the said mortgage.

7. The contractor will, for at least ten months of each year, of the succeeding nineteen years after the expiration of one year from the commencement of the operation of said factory employ in the said factory an average of at least thirty employees per day exclusive of officers of the company, of whom one-third at least shall be male adults and all said employees shall reside within the limits of the Corporation of Orangeville.

8. The contractor agrees that the annual wages paid in the operation of said factory during the said nineteen years respectively shall be not less than seventeen thousand five hundred dollars in each year thereof.

9. The contractor will, if so required by the corporation in writing, within the last month prior to the accruing due of any payment of interest under the mortgage hereinafter mentioned in any year of the said period of nineteen years, furnish the corporation with evidence of statutory declaration, made by some person having knowledge of the facts, showing the number of employees employed in the factory and the amount of wages paid during the current year.

10. The contractor will give to the corporation a first mortgage made in pursuance of the *Short Forms of Mortgages Act* and containing the usual statutory covenants for the sum of \$15,000, in fee simple free from all encumbrances, charges, dower or liens upon the said buildings, plant and machinery and electric equipment and all additional or substituted buildings, plant and machinery, and electric equipment to be as between the parties hereto real estate and fixtures and to be incorporated in and covered by the said mortgage. The said mortgage shall be dated as of the date of the first advance hereunder and shall be conditioned to become void on payment of \$5,000 in ten equal, annual, consecutive installments of \$500 each, the first of such installments to become due and be made one year after the commencement of operation of the said factory, and the balance of \$10,000 in ten equal, annual, consecutive installments of \$1,000 each, the first of which shall become due and be made eleven years after the commencement of operation of the said factory together with interest at the rate of six per cent. per annum to be computed from one year after commencement of the operation of said factory, payable with each installment of principal on the principal moneys secured by the said mortgage from time to time remaining unpaid. The said mortgage shall among other things provide that the principal money and interest remaining unpaid shall all become due and payable in the event of the contractor failing after six months' notice in writing to keep and observe all the covenants and provisions of this agreement, in regard to employment and payment of wages unless excused under the terms hereof. Provided, however, that if the evidence required by the preceding paragraph hereof shall not be required by the corporation as aforesaid or if required shall be furnished by the contractor showing that the provisions herein contained for employment and payment of wages have been satisfied during the current year then and in either of such cases, any interest on the principal secured by the said mortgage for the current year shall be deemed paid and satisfied but nothing herein contained shall prevent the recovery of interest for the period represented by any such declaration should the said declaration afterwards be proved to be false and should it appear that the provisions herein contained for employment and payment of wages had not been satisfied during the period covered by such declaration.

11. It is agreed that any excess of labor or payment of wages in any year of said term shall not be considered as payment or part payment, or satisfaction, of the obligations of the contractor for any other period of said term.

12. Should a by-law be passed by the duly qualified electors of the corporation, authorizing the execution of this agreement, and the contractor fail to carry out the obligations to be performed hereunder on the part of the contractor, he shall pay to the corporation the sum of \$100 toward the expense of submitting the said by-law and shall not be liable for any further amount by reason of such default.

13. The corporation agrees to advance to the contractor when the said mortgage is so given the costs of all labor and materials supplied and used in or about the construction of the said buildings in excess of \$5,000 to the extent of \$10,000 on the joint certificate of the architect employed by the contractor and the mayor of the said corporation or if no architect is employed then on the certificate of the said mayor and the balance of the said sum of \$15,000 upon the completion of the said buildings and the installation of all plant, machinery and electric equipment therein according to the provisions of this agreement and upon the said factory being in running operation as a going concern for one week, but the corporation shall not be required to advance any moneys until two months after the by-law to be submitted to the electors has been finally passed.

14. The corporation will grant to the contractor exemption from all municipal taxation of the lands comprised in said mortgage or used in connection with said factory and all buildings, plant and machinery and personal property therein and used in connection therewith, including any business assessment but not including school taxes and local improvement taxes for a period of twenty years from and after the going into effect of this agreement, but such exemption shall cease during any period of default hereunder upon the contractor failing for six months to carry out the terms, provisions and conditions of this agreement in respect of employment or payment of wages.

15. The corporation after providing for the requirements of its domestic water consumption and fire protection and existing contracts for water, of which the corporation shall be the sole judge, will supply to the contractor for use and operation of the said plant such quantity of water as may be required by it from time to time for such purposes at the price of three cents per 1,000 gallons. Provided, however, that the corporation shall not be required to increase the existing capacity of its water works plant for the purpose of so doing; but should the corporation fail to supply the contractor with water required by it as aforesaid the contractor shall thereupon be relieved from its obligation hereunder in respect of operation of said factory and payment of wages during the period of such failure.

16. The said corporation will furnish the contractor with a septic tank, and if a sewerage system be subsequently established in the Town of Orangeville agrees to connect the said factory with the same if the pipes needed to do so are not required to be laid more than 100 feet to the street line of the factory property and will also place one of its fire hydrants for fire protection on the street at a point within 100 feet of said factory.

17. The contractor hereby agrees to take from the Orangeville Hydro Commission and use electric power for all power or lighting purposes necessary for use in connection with such factory at a price to be fixed by the Hydro-Electric Commission of Ontario while the Orangeville Hydro Commission is able to supply the same, but in case of the Orangeville Hydro Commission being unable to supply same the contractor may obtain power from any other source during the period of such failure.

18. Provided also, and it is agreed that notwithstanding anything herein contained the period of time involved in any strike of workmen engaged in the construction of the said factory, or the time which the operation of the said factory may be suspended in all or in part through any strike of employees and employed therein, or through fire, tempest, insufficient supply of water or unavoidable accident shall not be included in any of the time hereinbefore fixed for the completion of the factory, or operation thereof, or otherwise, and shall not operate as default thereunder.

19. It is further agreed between the contractor and the corporation that the corporation will at any time within five years from the final passing of the said by-law advance to the contractor a further sum of \$15,000 upon receiving six months previous notice from the contractor of its intention to comply with the terms, covenants and provisions of this agreement relating to such further advance of \$15,000, subject to the provisions of paragraph 24 hereof.

20. It is agreed between the contractor and the corporation that in order to obtain such further advance of the said sum of \$15,000 the contractor shall within one year from the giving of such notice increase the size of the factory to 20,000 square feet of floor space, shall increase the actual cost of said factory to at least \$50,000, including the buildings, equipment and land used in connection therewith, shall increase the number of employees to 60 per day exclusive of officers of the company, of whom one-third at least shall be male adults and shall increase the annual wages to \$35,000.

21. The provisions of paragraph numbers 4, 5, 6, 9, 11 and 17 and all other parts of this agreement properly applicable thereto shall *mutatis mutandis* apply to the said proposed advance of \$15,000.

22. The contractor for said further advance of \$15,000 will give to the corporation a mortgage immediately subsequent to the mortgage mentioned in paragraph 10 hereof made in pursuance of the *Short Forms of Mortgages Act* and containing the usual statutory covenants for the sum of \$15,000, in fee simple, free from all encumbrances, charges, dower or liens except said first mortgage of \$15,000 upon the said buildings, plant, machinery and electric equipment and all additional or substituted buildings, plant and machinery and electric equipment to be as between the parties hereto real estate and fixtures and to be incorporated in and covered by the said mortgage. The said mortgage shall be dated as of date of the first advance on account of said further sum of \$15,000 and shall be conditioned to become void on payment of \$5,000 in ten, equal, annual, consecutive installments of \$500 each, the first of such installments to become due and be made one year after said first advance in respect of such further sum of \$15,000, and the balance of \$10,000 in ten, equal, annual, consecutive installments of \$1,000 each, the first of which shall become due and be made ten years after said first installment of \$500, together with interest at the rate of six per cent. per annum, to be computed from said first advance payable with each installment of principal on the principal moneys secured by the said mortgage from time to time remaining unpaid. The said mortgage shall among other things provide that the principal money and interest remaining unpaid shall all become due and payable in the event of the contractor failing after six months' notice in writing to keep and observe all the covenants and provisions of this agreement, in regard to employment and payment of wages, unless excused under the terms hereof. Provided, however, that if the evidence required by paragraph 9 hereof shall not be required by the corporation as aforesaid, or if required shall be furnished by the contractor, showing that the provisions herein contained for employment and payment of wages have been satisfied during the current year, then and in either of such cases, any interest on the principal secured by the said mortgage for the current year shall be deemed paid and satisfied, but nothing herein contained shall prevent the recovery of interest for the period represented by any such declaration, should the said declaration afterwards be proved to be false, and should it appear that the provisions herein contained for employment and payment of wages have not been satisfied during the period covered by such declaration.

23. The corporation agrees to advance to the contractor when the said subsequent mortgage is so given the costs of all labour and material supplied and used in and about the construction of the said enlarged buildings, in excess of \$5,000 to the extent of

\$10,000 on the joint certificate of the architect employed by the contractor and the mayor of the said corporation, or if no architect is employed then on the certificate of the said mayor and the balance of the said sum of \$15,000 upon the completion of the said enlarged buildings and the installation of all plant, machinery, electric equipment therein according to the provisions of this agreement and upon the said factory being in running operation at full capacity as a going concern for one week.

24. It is hereby agreed between the corporation and the contractor that should the corporation desire to bonus by way of loan or in any other way any other manufacturing industry then the corporation may at any time after three years from the final passing of the by-law in this agreement referred to, give one month's notice in writing to the contractor of its intention so to do, and if within said month the contractor does not notify the corporation in writing of its intention to carry out the terms, covenants, provisions and conditions of this agreement as to such further advance or if having given such notice shall not in good faith and with diligence carry out the same so that said enlarged factory shall be in full operation as provided for in paragraph 20 hereof within one year from the giving of said notice by the contractor then the terms, covenants, provisions and conditions of this agreement relating to such further advance shall be null and void and all obligation on the part of the corporation to make such further advance shall be at an end.

25. The word "Factory" in this agreement shall, unless inconsistent with the context, include buildings, plant, machinery and electric equipment.

26. The contractor agrees with the corporation that it will at any time within twenty years from the going into effect of this agreement, consent in writing to the granting of a bonus, loan or guarantee by the said corporation to one or more shoe factories or to one or more industries of a similar nature to that to be established under this agreement by the contractor.

27. The corporation, after legislation has been obtained for that purpose, will as soon as the same can be done, submit a by-law to the qualified electors, authorizing the execution of this agreement and providing for the borrowing of the said sums of \$15,000 and \$15,000 agreed to be loaned.

28. Should the said legislation not be obtained or the said by-law not be approved by the qualified electors or subsequently quashed, then this agreement shall be null and void.

29. It is further agreed that those present shall enure, to the benefit of and be binding upon the parties hereto their successors, and assigns respectively.

In witness whereof the contractor hath hereunto affixed its corporate seal and the signatures of its proper officers, and the said corporation hath hereunto affixed its corporate seal and the signatures of its mayor and clerk.

## An Act respecting the Town of Thorold.

**W**HEREAS the corporation of the Town of Thorold has, Preamble.  
by petition, represented that there is an outstanding floating indebtedness of the said corporation amounting to \$40,000, which has in part been accumulating for a number of years, and a considerable part thereof has been created by reason of the expropriation and acquirement of a large quantity of land in the said town by His Majesty the King, for the Welland Ship Canal, and the consequent inability of the corporation to collect taxes and rates imposed thereon, and in part by reason of the war and consequent conditions; and the said corporation has, by its petition, represented that it is unable to pay the said indebtedness otherwise than by the issue of debentures therefor, and has passed By-law No. 630, authorizing the issue of debentures for the amount of \$40,000, payable by annual instalments over a period of twenty years; and has petitioned that an Act may be passed to confirm and validate the said by-law, and the debentures to be issued thereunder; and whereas it is expedient to grant the prayer of the said petition:

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

**1.** By-law No. 630 of the Corporation of the Town of Thorold, set forth in full in Schedule "A" to this Act, is By-law No. 630 to borrow \$40,000 to pay off floating debt. hereby ratified and confirmed and declared to be legal, valid and binding upon the said corporation and the ratepayers thereof, notwithstanding any want of jurisdiction on the part of the said corporation to pass the said by-law.

**2.** The debentures issued, or to be issued, under or in Confirmation of debentures. pursuance of the provisions of the said by-law, are ratified and confirmed and declared to be legal, valid and binding upon the said corporation and the ratepayers thereof, notwithstanding any defect in substance or in form (if any) of the said by-law or debentures, or in the manner of passing or issuing the same, and the said corporation is authorized and empowered to do all acts and things necessary for the full and proper carrying out of the said By-law No. 630, and it shall not be necessary to submit the said by-law for the votes of the electors of the said Town of Thorold.

## SCHEDULE "A."

## BY-LAW No. 630.

A by-law to provide for borrowing \$40,000 upon debentures to pay for the floating indebtedness of the Corporation.

Whereas the Corporation owes a floating indebtedness of \$40,000, which has existed for many years, and it is desirable to make proper provision for payment and redemption of same by borrowing the sum of \$40,000 upon debentures of the Corporation;

And whereas the Council deems it expedient for such purpose to pass a by-law to authorize the issue of debentures of the Corporation for the sum of \$40,000, which is the amount of the debt intended to be created by this by-law, payable as hereinafter mentioned, and to provide for payment of the same within twenty years from the date thereof with interest thereon at the rate of six per centum per annum payable half yearly;

And whereas it is deemed expedient to make the principal of the said debt repayable in yearly sums during the period of twenty years of such amounts respectively that the aggregate amount payable for principal and interest in any year shall be equal as nearly as may be to the amount so payable for principal and interest in each of the other years;

And whereas it will be necessary to raise annually the sum of \$3,487.39 during the period of twenty years to pay the said yearly sums of principal and interest as they become due by a special rate sufficient therefor over and above all other rates on all the rateable property in the said town as hereinafter provided;

An Act to confirm By-law No. 451 of the Village of Grimsby.

**W**HEREAS the Corporation of the Village of Grimsby Preamble. has, by petition, represented that certain expenditures were necessarily incurred by the said corporation during the year 1916 over and above the estimate adopted by the council of said corporation, and on which the tax rates were struck, being the sums of \$5,180.05 due to the corporation of the County of Lincoln, and the sum of \$4,801 owing to the Bank of Hamilton for money borrowed from the said bank to provide for the current expenditure of the said Village of Grimsby, and the sum of \$2,000 owing to the Water Works Commission of the said Village of Grimsby; and that the said sums are still owing and unpaid; and that it would be unduly oppressive to the ratepayers of the said Village of Grimsby to pay these amounts and all outstanding liabilities of the said Village of Grimsby at one time, in addition to the meeting of the necessary annual expenses of the corporation, and therefore said council, on the twenty-first day of January, 1919, passed By-law No. 451 to provide for the issue of \$15,000 of debentures for the purpose of paying the said debts; and by its petition the said corporation has asked that said by-law be confirmed and validated; and whereas it is expedient to grant the prayer of the said petition:

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. By-law No. 451 of the Corporation of the Village of Grimsby, set out in Schedule "A" to this Act, being a By-law No. 451 to borrow \$15,000 to pay floating debt confirmed. by-law to provide for the issue of debentures of the Village of Grimsby, for the sum of \$15,000, required by the said village, is hereby confirmed and declared legal, valid and binding upon the said Municipal Corporation of the said Village of Grimsby and the ratepayers thereof.

Confirma-  
tion of  
debentures.

2. All debentures to be issued under the said by-law, when so issued, are hereby declared to be legal, valid and binding upon the said corporation and the ratepayers thereof, and it shall not be necessary for the purchaser of any of the said debentures to inquire into the proceedings relating to the passing of the said by-law, or the issue of such debentures.

#### SCHEDULE "A."

By-Law No. 451, of the Village of Grimsby, being a by-law to provide for the issue of debentures of the Village of Grimsby for the sum of fifteen thousand dollars (\$15,000) required by the said Village of Grimsby.

Whereas during the year 1916 the Municipal Council of the Village of Grimsby allowed the amount due for the year 1916 to the Municipal Corporation of the County of Lincoln to remain unpaid and expended the moneys levied for this purpose for the current expenditure of the Village of Grimsby;

And whereas the said sum due to the Municipal Corporation of the County of Lincoln by the Village of Grimsby for the year 1916 is still owing and in arrears and now amounts with interest to the sum of \$5,180.05;

And whereas during the said year 1916 the Municipal Council of the Municipal Corporation of the Village of Grimsby did borrow from the Bank of Hamilton by by-law, certain sums to provide for the current expenditure of the said Village of Grimsby;

And whereas in the year 1916 the Council of the said Village of Grimsby did not levy sufficient moneys for the repayment to the Bank of Hamilton for the full amount of said loans and there is now due and owing by way of loan borrowed in the year 1916 from the Bank of Hamilton by the said Village of Grimsby, the sum of \$4,801;

And whereas in addition to the above-mentioned sums there were other liabilities of the said Village of Grimsby outstanding including the sum of \$2,000 due and owing to the Water Works Commission of the said Village of Grimsby for the payment of which said sums the Council of the said Village of Grimsby did not levy sufficient moneys;

And whereas it would be unduly oppressive to the ratepayers of the said Village of Grimsby to pay all the outstanding liabilities of the said village at one time in addition to the meeting of the necessary annual expenses of the said corporation;

And whereas the Municipal Council of the Village of Grimsby deem it expedient to issue debentures for the sum of \$15,000 to provide moneys for the payments of the amounts above-mentioned;

And whereas it is desirable to issue the debentures at one time and to make the principal of the said debt repayable by yearly sums during the period of fifteen years, being the currency of the said debentures, said yearly sums being of such respective amounts that the aggregate amount payable in each year for principal and interest shall be as nearly as possible equal to the amount payable in each of the other fourteen years of the said period as shown by Schedule "A" hereunto annexed;

And whereas the total amount required to be raised annually by the said municipality by special rate for the paying of the said debt and interest, as hereinafter provided, is \$1,544.44;

And whereas the amount of the whole rateable property of the Village of Grimsby, according to the last revised assessment roll is \$976,374;

And whereas the amount of the existing debenture debt of the said municipality exclusive of local improvement is \$116,809.49, of which no part either principal or interest is in arrears;

Now, therefore, the Municipal Council of the Municipal Corporation of the Village of Grimsby enacts as follows:

1. The Municipal Corporation of the Village of Grimsby shall issue debentures of the said village to the amount of \$15,000 as aforesaid, in sums of not less than \$100 each on the date of the confirmation of this by-law by the Legislative Assembly of the Province of Ontario, which debentures shall each be dated on the day of the issue thereof and shall be payable within fifteen years thereafter on the date of the issue thereof, in each of the years in the amount shown on the said Schedule "A" at Grimsby, Ontario.

## An Act to confirm By-law No. 452 of the Village of Grimsby.

**W**HEREAS the Corporation of the Village of Grimsby Preamble. has, by petition, represented that certain expenditures were necessarily incurred by the said corporation during the year 1916 over and above the estimate adopted by the council of said corporation, and on which the tax rates were struck,  being the sums of \$5,180.05 due to the corporation of the County of Lincoln, and the sum of \$4,852.73 owing to the Bank of Hamilton for money borrowed from the said bank to provide for the current expenditure of the said Village of Grimsby; and the sum of \$2,000 owing to the Water Works Commission of the said Village of Grimsby; and that the said sums are still owing and unpaid; and that, during the year 1919, there was transferred from the current account of the said corporation the sum of \$2,200 to the credit of the overdraft for the year 1916, which sum is required by the said corporation for the payment of debts incurred during the year 1918; and that, during the years 1916 and 1917 grants were made by the said corporation for patriotic purposes to the amount of \$1,736.53, and that no special rate was levied for such purposes;  and that it would be unduly oppressive to the ratepayers of the said Village of Grimsby to pay these amounts and all outstanding liabilities of the said Village of Grimsby at one time, in addition to the meeting of the necessary annual expenses of the corporation, and therefore said council, on the *eighth* day of *April*, 1919, passed By-law No. 452 to provide for the issue of \$15,000 of debentures for the purpose of paying the said debts; and by its petition the said corporation has asked that said by-law be confirmed and validated; and whereas it is expedient to grant the prayer of the said petition:

pay float-  
ing debt  
confirmed.

Confirma-  
tion of  
debentures.

**2.** All debentures to be issued under the said by-law, when so issued, are hereby declared to be legal, valid and binding upon the said corporation and the ratepayers thereof, and it shall not be necessary for the purchaser of any of the said debentures to inquire into the proceedings relating to the passing of the said by-law, or the issue of such debentures.

And whereas, during the year 1918, there was transferred from the current account of the Corporation of the Village of Grimsby and applied in reduction of the overdraft for the year 1916 the sum of \$2,200, which said transfer was made by the said Corporation under pressure from the Bank of Hamilton and the said sum of \$2,200 is now required for the purpose of paying the liabilities incurred by the said Municipal Corporation in the year 1918;

## An Act respecting the Town of Dundas

**W**HEREAS the Corporation of the Town of Dundas has, Preamble.  
by petition, represented that the Water Commissioners of the Town of Dundas have represented to the said Corporation that the water mains in the said town are in many cases laid along property, the owners of which do not take water or pay anything to the revenue of the water works or the sinking funds or interest on the debentures issued by the municipality therefor, although such properties are increased in value thereby, and that in consequence thereof the revenue derived from the general water rates is less than it otherwise should be and that there is now no effective way of charging any unpaid special rates against the properties benefited by mains and have requested the council to obtain legislation to authorize the Water Commissioners to levy and collect the rate upon all properties fronting on streets, lanes and alleys along which water mains are laid, and to provide that all special rates shall be a lien on all properties served with mains and with the right of distress and sale of said lands as in the case of taxes in arrears and unpaid, and the said council request that such legislation be granted, and whereas it is expedient to grant the prayer of the said petition:

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. Subject to section 2, the Water Commissioners of the Town of Dundas shall have power by by-law, to be passed by them, to levy and charge a special rate upon the several lands, lots or parts of lots, whether occupied or vacant, fronting or abutting upon all streets, lanes and alleys in the said municipality upon which water mains, from which the commissioners are willing to supply water, are laid, which special rates shall be an annual rate according to the frontage of the said lands, lots or parts of lots, which rate shall not exceed five cents per foot for such frontage, and may, by by-law of the Water Commissioners, be changed from

Special  
frontage  
rates on  
land front-  
ing or  
abutting on  
watermain.

time to time as the commissioners may determine, and the said commissioners may provide an equitable mode of assessing corner lots, triangular and other irregularly shaped pieces of land or lands unfit for building purposes where the commissioners deem it inequitable to assess the full frontage on any street, provided the special rate hereinbefore mentioned shall not be chargeable upon any occupied lands, lots, or parts of lots, where the owner or occupant of said lands, lots or parts of lots is a user of the water supplied for said lands, saving and excepting that the special rate above mentioned shall be chargeable on all frontage of any one owner or occupant in excess of fifty feet, whether such excess is occupied or vacant.

Approval  
of council  
to by-law.

2. The by-law for the said special rate shall not be finally passed by the commissioners until it has been submitted to and received the approval of a majority of all the members of the Municipal Council of the said Town of Dundas at a regularly called meeting thereof.

Measure-  
ment of  
frontage.

3. The said Water Commissioners, by by-law to be passed by them, shall also have power to employ such person as they think proper to make the measurements of frontage for the purpose hereof, in cases where the frontage of the lands, lots or parts of lots have not, in the judgment of the commissioners, been properly set out in the assessment roll, and to fix the compensation of the said person.

Time for  
payment  
and  
collection  
of special  
rate.

4. The said special rate shall be payable at the time or times during each year, fixed by the Water Commissioners for payment thereof, and until paid shall be a lien and charge upon the lands, tenements, lots or parts of lots against which the same are charged or assessed, and arrears of such special rates may, with interest thereon at the rate of ten per cent. per annum from the time of default in payment be collected in the same manner and by the same officials and by the same process as arrears of taxes are collected under the provisions of *The Assessment Act*, and all rates and rents that may be received by the Town Treasurer or other officers of the said town, under the above provisions, shall be paid to the said Water Commissioners.

And whereas the Town of Dundas is in urgent need of a sanitary sewage system;

## An Act respecting the City of Brantford.

**W**HEREAS the Corporation of the City of Brantford Preamble. has, by its petition, prayed for special legislation in respect of the several matters hereinafter set forth; and whereas *The Municipal Act*, section 101, subsection 1, provides that the polls at municipal elections shall be open at every polling place at nine o'clock in the forenoon and shall be kept open until five o'clock in the afternoon of the same day; and by subsection 2 provides that the council of the city may, by by-law passed before the 15th day of November in any year, extend the time for keeping open the polls until seven o'clock in the afternoon; and whereas, owing to the largely increased number of voters upon the voters' list of the polling subdivisions within the City of Brantford it was deemed necessary to keep the polls open until seven o'clock in the afternoon at the annual municipal elections for the year 1919; and whereas By-law No. 1498 of the Corporation of the City of Brantford was passed for such purpose on the twenty-third day of December, 1918, and by inadvertence such by-law was not passed before the fifteenth day of November as required; and whereas the Corporation of the City of Brantford desires power to appoint three additional members to the Board of Park Management for the City of Brantford, so that such board will consist of three additional members; and whereas the Corporation of the City of Brantford desires power to appoint three additional members to the Board of Health for the City of Brantford, so that such board shall consist of three additional members; and whereas the cost of sanitary sewers and of storm sewers in the City of Brantford has been provided for heretofore by levying a uniform frontage rate of ten cents per lineal foot upon the property liable to be assessed therefor during the period of twenty years under the provisions of chapter 48 of the Acts passed in the fifth year of the reign of His Majesty King George the Fifth, and the said sum, owing to the increased cost of labour and materials and the increased rate of interest, has become insufficient to provide the cost thereof; and whereas it is desirable to

provide a maximum rate for sanitary and storm sewers in the City of Brantford to be levied during a uniform period; and whereas it is expedient to grant the prayer of said petition:

## An Act incorporating the Town of York.

**W**HEREAS the Corporation of the Township of York <sup>Preamble.</sup> has, by petition, represented that the township has a population of about 35,000, and that it is steadily increasing; that the southern portion of the said township, which lies along the northern limit of the City of Toronto is closely built up and is entirely urban and contains a large number of manufacturing industries, which employ many hundreds of workmen, while the north portion of the said municipality is almost entirely a farming community and the inhabitants are interested in rural occupations and pursuits; that owing to its location, the southern part of the township drains naturally through the City of Toronto to Lake Ontario, and that the City of Toronto has refused to allow the said township to connect its sewers with those of the City of Toronto, thus causing a condition which is exceedingly dangerous to the health of the inhabitants of that portion of the township: and whereas it has further been represented that the Board of Education of the City of Toronto has erected schools in the said township without the consent of the township school boards, which has caused friction and dissatisfaction because pupils residing in the township are not allowed to attend these schools: and whereas it is desirable in the interests of public health and convenience that systems of water works, sewerage and lighting should be established for the southern portion of the township in which the northern portion is not interested: and whereas it has been found that there is great difficulty in equalizing the value of the urban land and the farming land in the said township; and whereas the value of the whole rateable property in the said township, according to the last revised assessment roll, is \$24,205,279.00: and whereas it is believed that the general interests of the township as a whole, as well as of the southerly part thereof, would be better served and the enforcement of law and order more systematically and efficiently carried out if the southern portion of the said township was incorporated as a town: and whereas the said township has, by its petition,

prayed that an Act may be passed for that purpose; and whereas it is expedient to grant the prayer of the said petition:

**W**HEREAS the Municipal Corporation of the Town of Preamble.

Oshawa has, by petition, represented that By-law No. 567 of the said corporation was ratified and confirmed by chapter 86 of the Acts passed in the sixth year of the reign of His late Majesty, King Edward VII; that the said by-law provided that where sewers were constructed as local improvements, the abutting properties should pay a capital charge of eighty-five cents per foot frontage in thirty equal annual instalments of five cents per foot frontage; that owing to advances in the general rate of interest it is impossible to repay the said capital charge of eighty-five cents per foot and interest by an annual rate of five cents per foot frontage during a period of thirty years; that since the said by-law was ratified and confirmed by the said Act an annual rate of five cents per foot frontage during the period of thirty years has been assessed against abutting properties to pay for sewers constructed in the said town as local improvements; that it is desirable in respect of sewers hereafter to be constructed in the said town as local improvements that the abutting properties should be assessed and pay an annual rate of five cents per foot frontage during a period of thirty years; that it is accordingly necessary to repeal the said By-law No. 567 and so much of the said statute as refers to said by-law and that authority be given to the said town to pay for sewers hereafter to be constructed on the said basis, and that if the said annual rate of five cents per foot frontage during a period of thirty years should produce more than the actual cost of any sewer, the surplus should be used by the said town for general sewerage purposes; and whereas it is expedient to grant the prayer of the said petition:

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

The remainder of the cost of such sewer shall be borne by the Corporation of the Town of Oshawa at large, and the said corporation shall in each year during said period of thirty years impose, levy and raise such sum as may be necessary to meet the corporation's share of the said cost and interest thereon by a rate sufficient therefor, on all the rateable property in the said corporation, and it shall not be necessary for any by-law authorizing the issue of debentures to pay for any sewer constructed as a local improvement to set out by recital or otherwise the amount of the corporation or property owners' share of the cost of such work, nor to set out or provide any specific sum to be raised to meet the corporation's share of the cost of any such work and the interest thereon. The said Town of Oshawa may pass a by-law for the purposes aforesaid in the form set out in Schedule "A" to this Act, or to the like effect, and any and every such by-law shall be legal, valid and binding upon the said Town of Oshawa.

Confirma-  
tion of  
by-laws and

Overwind  
device.

(c) A suitable overwind device, which can be set to engage shaft conveyance at any point in the head-frame, will cut off the current, in case of an overwind past this point, and thus allow the brakes to come into play. ## An Act respecting the Ontario West Shore Railway Company.

**W**HEREAS by an Act passed in the second year of the <sup>Preamble.</sup> reign of His late Majesty, King Edward VII, chaptered 78, the Huron, Bruce and Grey Electric Railway Company was incorporated for the purpose of constructing and operating an electric railway from the Town of Goderich along the route set forth in the said Act; and whereas the name of the said railway company was, by an Act passed in the third year of the reign of His said late Majesty, chaptered 98, changed to the Ontario West Shore Electric Railway Company, and again by an Act passed in the ninth year of the reign of His said late Majesty, chaptered 139, to the Ontario West Shore Railway Company; and whereas the time limited for the completion of the construction of the said railway as originally provided for by the said first mentioned Act was, by an Act passed in the sixth year of the reign of His said late Majesty, chaptered 113, extended to the fourteenth day of May, 1910, and the original Act of incorporation was also thereby revived; and whereas by an Act passed in the eighth year of the reign of His said late Majesty, chaptered 135, the time for the completion of the said railway was further extended to the fourteenth day of April, 1912; and whereas it appears that the Corporations of the Town of Goderich, the Township of Ashfield, the Town of Kincardine and the Township of Huron have guaranteed to the holders thereof the due payment of the bonds of the said the Ontario West Shore Railway Company to the extent of \$400,000 together with interest thereon at the rate of five per cent. per annum payable half-yearly; and whereas it further appears that the said railway company has made default in the completion of the said railway and in the operation of the same, and also in the payment of the interest upon the said bonds so guaranteed as aforesaid; and whereas the said municipal corporations have since and including the year 1912 paid to the holders thereof, the interest upon the said bonds at the rate aforesaid; and whereas by

an Act passed in the third year of the reign of His Majesty King George V, chaptered 135, the franchise and all the property, rights and privileges of the said railway company were vested in Thomas Stothers, in trust for the corporations of the said guaranteeing municipalities, but subject to the rights of creditors and the bond-holders and the trustees for the bond-holders of the said railway company; and whereas by an Act passed in the fourth year of the reign of His Majesty King George V, chaptered 122, the time for completing the said railway was extended for four years from the passing of said Act, and authority was given to sell and dispose of the assets of the said company with the approval of the Ontario and Municipal Board; and whereas the said Thomas Stothers, the trustee appointed under said chapter 122, by and with the approval and consent of said board did dispose of the assets of the said company and there is now in the hands of the Toronto General Trusts Corporation, in trust for the bond-holders, creditors and shareholders, the sum of \$135,000 or thereabouts, bearing interest at the rate of four and one-half per cent.; and whereas the bonds issued by the said railway amounted to the sum of \$600,000 of which \$400,000 was guaranteed by the Corporations of Goderich Town, Ashfield, Huron Township and the Town of Kincardine, and the balance \$200,000 unguaranteed, but both sums were secured by a mortgage or trust deed executed by the said railway company to the said trust company on certain terms and conditions as are therein set forth: and whereas \$20,000 of the said unguaranteed bonds are in the hands of the said trustee, \$20,000 are held by the Standard Bank of Canada, and \$160,000 were not sold or disposed of and their whereabouts are unknown; and whereas the said corporations are desirous of in the meantime having the said monies invested so as to secure the best return therefrom and that the interest so secured may be applied in reducing the annual payments which said corporations were obliged to make or to form a sinking fund to meet the said bonds when they mature.

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Cancellation  
of certain  
undisposed  
of bonds.

1. The said sum of \$160,000 and \$20,000 held by the said trustee of said unsecured bonds not disposed of by the said railway company are hereby declared to be cancelled and void and the said trust company shall not in future treat them as secured by the mortgage or trust deed.

2. Thomas Stothers, the trustee appointed under chapter 135 of George V aforesaid, shall have power and authority to enter into an agreement with the Standard Bank of Canada, or whoever may be the owner thereof, for the purchase of the \$20,000 of the said unsecured bonds held by it and to pay for same out of the said sum of \$135,000 held by said trust corporations, and in the event of his being unable to do so that the holder or holders of the said bonds shall be entitled to receive a *pro rata* share of the net amount of interest which will from time to time be secured from the investment and re-investment of the said fund, and to a *pro rata* share with the secured bonds when the said fund is being distributed.

Trustee

\$20,000  
unsecured

3. The said trustee shall submit to the Ontario Railway and Municipal Board an account of all his dealings and transactions on behalf of the said railway, and in taking said account the board shall allow him such disbursements as in its discretion have been properly incurred, together with reasonable compensation for his pains, care and trouble in and about the execution of the said trust.

Allowance  
to trustee  
for services  
on passing  
accounts.

4. The said trustee shall be at liberty to enter into an agreement with the said trust company, or any other person, persons or corporations, for the investment of the said funds derived from the sale of the said assets or any other funds or assets of the said railway; at such a rate of interest as trustees may invest in, in such securities and on such terms and conditions as may be mutually agreed on, the said funds to be kept so invested until the bonds outstanding and secured by the said mortgage or trust deed shall mature, whereupon said funds shall be by said trust company applied *pro rata* in reducing the said \$400,000 worth of guaranteed and \$20,000 worth of unguaranteed bonds.

Application  
of proceeds  
of assets  
of railway.

5. Half-yearly there shall be paid to the said Corporations of Goderich, Ashfield, Huron and Kincardine and the holders of the said \$20,000 unguaranteed bonds the net interest secured from the said investment of the said funds in *pro rata* proportion to the amount of the guarantees executed by said corporations and the said \$20,000 unguaranteed bonds so that each shall receive an equal proportion thereof based on said liability and bonds so held.

Payment  
of income  
from in-  
vestment to  
guarantors  
of bonds.

6. The powers conferred by this Act on the said trustee shall not be exercised without the consent and approval of the Municipal Councils of the Towns of Goderich and Kincardine and the Townships of Ashfield and Huron, and in the event of all of the said parties failing to agree the

The Ontario Railway and Municipal Board shall make such orders and give such directions, either for the payment of commissions and expenses in handling said funds or for the protection thereof and the rights and interests of all persons interested in the said railway as bond-holders, creditors, shareholders or otherwise as the board shall deem necessary or expedient to do or cause to be done so as to give full effect to the terms of this or any Act dealing with said railway. In the interests of all parties concerned, compliance with such orders or directions shall be a condition precedent to securing the approval of the board.

An Act respecting the Ontario West Shore Railway Company.

**W**HEREAS by an Act passed in the second year of the <sup>Preamble.</sup> reign of His late Majesty, King Edward VII, chaptered 78, the Huron, Bruce and Grey Electric Railway Company was incorporated for the purpose of constructing and operating an electric railway from the Town of Goderich along the route set forth in the said Act; and whereas the name of the said railway company was, by an Act passed in the third year of the reign of His said late Majesty, chaptered 98, changed to the Ontario West Shore Electric Railway Company, and again by an Act passed in the ninth year of the reign of His said late Majesty, chaptered 139, to the Ontario West Shore Railway Company; and whereas the time limited for the completion of the construction of the said railway as originally provided for by the said first mentioned Act was, by an Act passed in the sixth year of the reign of His said late Majesty, chaptered 113, extended to the fourteenth day of May, 1910, and the original Act of incorporation was also thereby revived; and whereas by an Act passed in the eighth year of the reign of His said late Majesty, chaptered 135, the time for the completion of the said railway was further extended to the fourteenth day of April, 1912; and whereas it appears that the Corporations of the Town of Goderich, the Township of Ashfield, the Town of Kincardine and the Township of Huron have guaranteed to the holders thereof the due payment of the bonds of the said the Ontario West Shore Railway Company to the extent of \$400,000 together with interest thereon at the rate of five per cent. per annum payable half-yearly; and whereas it further appears that the said railway company has made default in the completion of the said railway and in the operation of the same, and also in the payment of the interest upon the said bonds so guaranteed as aforesaid; and whereas the said municipal corporations have since and including the year 1912 paid to the holders thereof, the interest upon the said bonds at the rate aforesaid; and whereas by

an Act passed in the third year of the reign of His Majesty King George V, chaptered 135, the franchise and all the property, rights and privileges of the said railway company were vested in Thomas Stothers, in trust for the corporations of the said guaranteeing municipalities, but subject to the rights of creditors and the bond-holders and the trustees for the bond-holders of the said railway company; and whereas by an Act passed in the fourth year of the reign of His Majesty King George V, chaptered 122, the time for completing the said railway was extended for four years from the passing of said Act, and authority was given to sell and dispose of the assets of the said company with the approval of the Ontario and Municipal Board; and whereas the said Thomas Stothers, the trustee appointed under said chapter 122, by and with the approval and consent of said board did dispose of the assets of the said company and there is now in the hands of the Toronto General Trusts Corporation, in trust for the bond-holders, creditors and shareholders, the sum of \$135,000 or thereabouts, bearing interest at the rate of four and one-half per cent.; and whereas the bonds issued by the said railway amounted to the sum of \$600,000 of which \$400,000 was guaranteed by the Corporations of Goderich Town, Ashfield, Huron Township and the Town of Kincardine, and the balance \$200,000 unguaranteed, but both sums were secured by a mortgage or trust deed executed by the said railway company to the said trust company on certain terms and conditions as are therein set forth: and whereas \$20,000 of the said unguaranteed bonds are in the hands of the said trustee, \$20,000 are held by the Standard Bank of Canada, and \$160,000 were not sold or disposed of and their whereabouts are unknown: and whereas the said corporations are desirous of in the meantime having the said monies invested so as to secure the best return therefrom and that the interest so secured may be applied in reducing the annual payments which said corporations were obliged to make or to form a sinking fund to meet the said bonds when they mature.

#### MUNICIPAL SURVEYS.

Municipal  
survey of  
township  
boundary.

**15.** Where the council of a county deems it advisable that monuments of stone or other durable material should be placed on the boundary or boundaries of any township or townships situate therein such council may apply to the Lieutenant-Governor in Council to cause a survey to be made and such monuments placed under the direction and order of the minister and such council shall cause the sum requisite to defray the expenses to be incurred, or the proportion thereof payable by the ratepayers of any township or concession, to be levied on them, in the same manner as any sum required for any other local purposes authorized by by-law may be levied. R.S.O. 1914, c. 166, ss. 10, 11 and 12. (*Amended.*)

Municipal  
survey of  
side road  
or conces-  
sion lines.

**16.**—(1) Whereas in several townships, some of the concession road lines and side road lines or parts of the concession road lines and side road lines were not run in the original survey and the survey of some of the concession road lines and side road lines or parts of the concession road lines and side road lines have been obliterated, and owing to the want of such lines the inhabitants of such concessions are subject

to serious inconvenience, therefore the municipal council of the township in which such lines are situated shall, on application of one-half the resident land owners affected thereby, or upon its own motion without such application, apply to the Lieutenant-Governor in Council to cause any such line to be surveyed and to be marked by monuments of stone or other durable materials under the direction and order of the minister, in the manner prescribed in this Act, at the cost of such owners. (*Amended.*)

(2) The township council shall cause to be laid before it an estimate of the sum requisite to defray the expenses to be incurred in order that the same may be levied on the owners affected thereby in proportion to the benefit received, in the same manner as any sum required for any other purpose authorized by law may be levied, or such council may without a previous estimate levy on such owners in such proportions the amount of the expense when the same shall have been incurred and ascertained and the certificates of the minister certifying the amount of such expense shall be conclusive. <sup>Expenses, how borne.</sup>

(3) Where an application is made by a township council upon its own motion, such council if it deems the application to be in the public interest in assisting to determine the boundaries or limits of any public road or highway or the like may pay out of the general funds of the township either the whole of the expense or such part thereof as the council may deem proper and in the event of the council paying only part of the expense out of the general funds, the council may order that the remainder of the expense be levied on such owners in proportion to the benefit received. R.S.O. 1914, c. 166, s. 13. (*Amended.*) <sup>Payment out of municipal funds.</sup>

17.—(1) Where the municipal council of any township, city, town, or village adopts a resolution on application of one-half the resident land owners to be affected thereby, or upon its own motion, that it is desirable to place stone or other durable monuments at the front or at the rear, or at front and rear angles of any lot or lots in any such township, city, town, village, concession, section, block, gore, lot, mining claim, mining location, common, or parcel of land referred to in sections 12, 13 and 14 of this Act, such council shall apply to the Lieutenant-Governor in Council in the same manner as is provided by the next preceding section to cause a survey to be made and such monuments to be placed under the authority of the minister. (*Amended.*) <sup>Municipal survey of lot lines.</sup>

(2) The cost of such survey shall be defrayed in the manner prescribed by the next preceding section. R.S.O. 1914, c. 166, s. 14. <sup>Cost of survey, how to be defrayed.</sup>

Confirma-  
tion of  
survey.

**18.**—(1) The minister shall appoint a surveyor to make any such survey for which application has been made to the Lieutenant-Governor in Council as provided in the next three preceding sections and on the return in triplicate of the plans and field notes of such survey to the minister, he shall cause a notice thereof to be published once in each week for four consecutive weeks in a newspaper published in the county or district town of the county or district in which the lands lie, and shall specify in the notice a day not less than ten days after the last publication on which the report of the survey will be considered and the parties affected thereby heard and on the hearing the minister may either confirm the survey or direct such amendments or corrections to be made as he shall deem just, and shall confirm the survey so amended or corrected, and the lines or parts of the lines so surveyed and marked and the monuments so planted shall thereafter define and designate such corners, governing points or offsets or such ends of concessions or side road lines or such concession or side roads or parts of concession or side roads or such front or rear angles of lots, to all intents and purposes and the order of the minister confirming the survey shall be final and conclusive upon all persons and shall not be questioned in any court, and the plan and field notes shall have the same force and effect as an original plan and field notes. R.S.O. 1914, c. 166, s. 13. (*Amended.*)

(2) One copy of such plan and field notes of any such survey so confirmed shall be filed by the minister in the Registry Office or Office of Land Titles for the district in which the land is situate. (*New.*)

Municipal  
treasurer  
to pay in  
first in-  
stance.

**19.** All expenses incurred in making any survey and placing any monument under the provisions of sections 16, 17, 18 and 19, shall be paid by the treasurer of the municipality which made the application for the survey to the surveyor making the survey, on the certificate and order of the minister. #### RE SURVEYS OF SURVEYED TERRITORY.

Determina-  
tion of lost  
or obliterated lot  
angles.

**20.**—(1) Where a surveyor is required to establish for any purpose a front angle of any lot in any concession and the original post or monument marking the same cannot be found, he shall obtain the best evidence that the nature of the case admits of respecting the position of such post or monument, but if the same cannot be satisfactorily established, then the surveyor shall measure the true distance between the two nearest undisputed angles of lots on the concession line, one being on either side of the angle which it is required to establish and shall establish such angle by

dividing such distance proportionately as intended in the original survey.

(2) Where that part of the concession line on which such angle is situated has become obliterated, the same shall be established by drawing a straight line between the two nearest places where the same can be ascertained or determined, one being on either side of the angle which it is required to establish.

Determination of obliterated concession lines.

(3) Where a surveyor is required to establish for any purpose a front angle of any lot on a township boundary and the original post or monument marking the same cannot be found, he shall obtain the best evidence that the nature of the case admits of respecting the position of such post or monument, but if the same cannot be satisfactorily established, then the surveyor shall measure undisputed angles of lots on the township boundary, one being on either side of the angle which it is required to establish and shall establish such angle by dividing such distance proportionately as intended in the original survey.

Obliterated township boundary.

(4) Where that part of the township boundary on which such angle is situated has become obliterated, the same shall be established by drawing a straight line between the two nearest places where the same can be ascertained or determined, one being on either side of the angle which it is required to establish.

Best evidence in double front concessions.

(5) In the original survey of any township, where more than one row of posts, monuments or marks was planted or made on the concession line, and a post, monument or mark marking the angle of a lot is lost and the position thereof cannot be satisfactorily ascertained, any such post, monument or mark found still standing or the position of which can be satisfactorily determined on the opposite side of the concession road allowance, shall constitute the best evidence as to the position of the post, monument or mark which is lost, and if no such post, monument or mark can be found or so ascertained on the opposite side of the concession road allowance and the position of a post, monument or mark on the centre line of the concession line can be so determined, then such post, monument or mark on the centre line shall be the best evidence for the purpose of establishing the post which is lost.

(6) Provided that subsections 1 and 3 in this section shall not apply to the front angles of lots directly or indirectly affected by the provisions of section 26. (New.)

Proviso.

Proviso.

(7) Provided also that angles of lots that can be established in accordance with the provisions of section 26 of this Act, and subsections 3 and 4 of this section shall be undisputed angles for the purpose of subsection 1 of this section. (*New.*)

Whole  
concession  
line obliterated or  
not run.

(8) Where a surveyor is called upon to establish as a whole or in part a concession line that has been completely obliterated or was not run in the original survey, he shall establish the same so as to give the lots in each of the adjacent concessions a depth proportionate to that intended in the original survey. R.S.O. 1914, c. 166, ss. 13 and 42.

Governing  
lines.

**21.**—(1) Except as provided in subsections 2 and 3 of this section, the division or side lines between lots in any concession in any township other than those townships surveyed into sections under the authority of an Order-in-Council dated 27th day of March, 1829, and subsequent orders, shall be run.

(a) If so intended on the same astronomic course as the boundary line of the concession at that end from which the lots are numbered, and if not so intended, or such boundary were not run in the original survey, or is wholly broken by a lake, river or other natural boundary, then on the same astronomic course as the boundary line at the other end of the concession if so intended;

(b) If not intended to be run on the same course as the boundary line at either end of the concession, such division or side lines shall be run, if so intended, at such angle with the boundary line at that end of the concession from which the lots are numbered as shown on the plan and field notes of record in the Department, and if not so intended or if such end be wholly bounded by a lake, river or other natural boundary, or was not run in the original survey, then at such angle with the boundary line at the other end of the concession as is shown on such plan and field notes if so intended;

(c) If neither of such boundaries of the concession were run in the original survey or if the concession is wholly bounded at both ends by a lake, river or other natural boundary then such division or side lines shall be run at such angle with the course of the line in front of the concession as is stated in such plan and field notes, or if parts of the

line in front of the concession have been run on different courses as shown on such plan and field notes, then at such angles with the course of each of those parts, as is stated in the plan and field notes. R.S.O. 1914, c. 166, ss. 21, 22, 23 and 24. (*Amended.*)

(2) If any division or side line between lots, or proof line intended to be on the same course as the division or side lines between lots, was drawn in the original survey in any concession in any such township bounded at both ends by a lake, river or other natural boundary, or in which the line at neither end of the concession was run in the original survey, the division or side lines between the lots therein shall be run on the same course as such division or side or proof line. R.S.O. 1914, c. 166, s. 25.

Where division or proof line has been run between lots.

(3) When two or more such division or side lines or proof lines were drawn in the original survey of such concession, so bounded, that division or side line or proof line which is nearest to the boundary of the concession from which the lots are numbered shall govern the course of the division or side lines of all the lots in such concession between the boundary of the concession from which the lots are numbered, and the next division or side line or proof line drawn in the original survey; and such last-mentioned line or proof line shall govern the course of the division or side lines of all the lots up to the next division or side line or proof line drawn in the original survey or to the boundary of the concession towards which the lots are numbered as the case may be. R.S.O. 1914, c. 166, s. 26.

When more than one such line drawn in original survey.

(4) If in any concession in any such township coming within the provisions of paragraphs *a* and *b* of subsection 1 of this section, such division or side line or proof line were run in the original survey, it shall govern the course of the division or side lines in such concession on that side of such proof line which is farthest from that end of the concession which is intended to govern the course of the division or side lines in such concession.

**22.**—(1) Except as provided in subsection 2, in all those townships which in the original survey were divided into sections, agreeably to an Order-in-Council bearing date the 27th day of March, 1829, or subsequent orders the division or side lines between the lots in all concessions, in any section or block, shall be governed by the boundary lines of such section or block, in like manner as the division or side lines in townships originally surveyed before that day are governed by the boundary lines of the concession in which the

lots are situated. Provided that in those sections or blocks the governing boundaries of which are broken by lakes or rivers in such a way that the course thereof cannot accurately be determined on the ground a surveyor when called upon to run any side line in a concession in such section or block, shall run such side line on the astronomical course of such side line as shown on the original plan and field notes thereof, of record in the Department. (*Amended.*)

**Exceptions.** (2) The side lines between all lots in all townships in the Districts of Muskoka and Parry Sound; all townships in the District of Nipissing which lie South of the Mattawan River and the Trout Lake; and the Township of Mattawan in that District; all townships in the provisional County of Haliburton; the Townships of Dalton, Digby and Longford, in the County of Victoria; the Townships of Galway, Cavendish, Anstruther and Chandos in the County of Peterborough; the Townships of Tudor, Grimsthorp, Wollaston, Limerick, Cashel, Faraday, Dungannon, Mayo, Herschell, Monteagle, Carlow, McClure, Wicklow and Bangor, in the County of Hastings; the Townships of Anglesea, Effingham, Abinger and Denbigh, in the County of Lennox and Addington; the Townships of Barrie, South Canonto and North Canonto, in the County of Frontenac, and the Townships of Brougham, Grattan, Wilberforce, Alice, Mattawachan, Griffith, Sebastopol, South Algona, North Algona, Fraser, Richards, Hagarty, Brudenell, Lyndoch, Raglan, Radcliffe, Sherwood, Burns and Jones, in the County of Renfrew, shall be run on the astronomic course stated in the plan and field notes of the original survey of record on the Department, but nothing in this subsection shall affect the side lines of any lot in any concession in any section or block in which any side line was run before the first day of July, 1897. R.S.O. 1914, c. 166, s. 27.

**Surveyor's return to township clerk.** (3) Every surveyor shall on the 31st day of December in each year, make to the clerk of the township a return, Form 1, of all lines run by him in such township under the provision of subsection 2 of this section. R.S.O. 1914, c. 166, s. 28.

**Governing line, how to determine the course of** **23.** Where a surveyor is called upon to determine the astronomic course of any governing line for the purpose of running any side line or other division line in any concession or section, he shall determine the astronomic course of the straight line joining the front and rear ends of such governing line, and shall run such side or other line on such astronomic course or at an angle therewith, in accordance with the provisions laid down in this Act in that behalf, and where a division or side line is to be run, at an angle with the front line or any part of the front line of any concessions, the ends

of such front line or part thereof shall be joined as above provided, for the purpose of laying off such angle.

**24.** The front of each concession in any township where only a single row of posts has been planted on the concession lines, and the lands have been described in whole lots, shall be that boundary of the concession which is nearest to the boundary of the township from which the concessions thereof are numbered; and where the line in front of any such concession was not run in the original survey, the division or side lines of the lots in such concession shall be run from the angles of lots on the front line of the concession in the rear thereof to the depth of the concession—that is to the centre of the space contained between the lines in front of the adjacent concessions, if the concessions were intended in the original survey to be of an equal depth, or, if they were not so intended, then to the proportionate depth intended in the original survey as shown on the plan and field notes thereof of record in the Department, having due regard to any allowance for a road made in the original survey; and a straight line joining the extremities of the division or side lines of any lot in such concession so drawn shall be the true boundary of that end of the lot which was not run in the original survey. <sup>What shall be deemed the front of a concession where only a single row of posts planted.</sup> <sup>If concession line not run.</sup>  
R.S.O. 1914, c. 166, s. 33.

**25.**—(1) In those townships in which any concession is wholly bounded in front by a river or lake or other natural boundary where no posts or other boundary marks were planted or made in the original survey on the bank of such river or lake or natural boundary to regulate the widths in front of the lots in the broken front concessions, the division or side lines of the lots in such broken front concessions shall be drawn from the angles of lots on the concession line in rear thereof to the river, lake or natural boundary in front. <sup>Broken front concessions.</sup>

(2) Where any concession is bounded in front at either end, in part, though not wholly, by a river, lake or other natural boundary, and no posts or other boundary marks were planted or made in the original survey on the bank of such river, lake or natural boundary to regulate the widths of the lots broken thereby, the division or side lines of such broken lots shall be drawn to the lake, river or other natural boundary in front from points on the rear of the concession determined by dividing proportionately as intended in the original survey the distance between the end of the concession and the intersection of the last whole lot line of the original survey with the rear of the concession. Provided that where such end of the concession is wholly bounded by a lake, river or other natural boundary and no measurement was made in the original survey along the rear of the concession to the lake,

river or other natural boundary, the surveyor shall determine the points from which the side lines of such lots shall be drawn by measuring along the rear lines the widths of the lots as originally intended from the intersection of the last whole lot line. R.S.O. 1914, c. 166, s. 34. (*Amended.*)

(3) Similarly where a concession is bounded partly in front by a lake, river or other natural boundary and where such lake, river or other natural boundary does not extend to either end of the concession, the points from which the lot lines in that part of the concession so bounded shall be run, shall be determined by dividing proportionately as shown on the original plan and field notes the distance between the intersections of the last whole lot line on either side of such lake, river, or other natural boundary with the rear line of the concession. (*New.*)

Concessions  
with double  
fronts.

**26.**—(1) In those townships in which the concessions have been surveyed with double fronts—that is, with posts or monuments placed or planted on both sides of the allowances for road between the concessions, and the lands have been described in half lots, the division or side lines between such half lots shall be drawn from the posts or monuments at both ends of the lot lines to the centre of the concession, and each end of such lot shall be the front of its respective half of such lot and a straight line joining the extremities of the division or side lines of any half lot in such concession, so drawn, shall be the true boundary of that end of the half lot which was not run in the original survey. R.S.O. 1914, c. 166, s. 35.

(2) Where a double front concession is not of the full depth, the division or side lines shall be drawn from the posts or monuments at both ends thereof, to the centre of the concession as provided in the next preceding section, without reference to the manner in which the lot or parts of lots in such concession were described for patent. R.S.O. 1914, c. 166, s. 35.

Alternate  
concessions.

**27.** In those townships in which each alternate concession line only has been run in the original survey, but with double fronts, the division or side lines shall be drawn from the posts or monuments on each side of such alternate concession lines to the depth of a concession—that is, to the centre of the space contained between such alternate concession lines, if the concessions were intended in the original survey to be of an equal depth—or if they were not so intended, then to a depth proportionate with that intended in the original survey, as shown on the plan and field notes

thereof of record in the Department; and each alternate concession line shall be the front of each of the two concessions abutting thereon. R.S.O. 1914, c. 166, s. 37.

**28.** Where the front of any concession or half concession in any township surveyed with double fronts is wholly or in part broken by a lake, river, or other natural boundary, the rear boundary of the adjacent concession or half concession or part of the concession or half concession shall be established by giving to such adjacent concession or half concession or part of concession or half concession, its regular depth or the depth shown on the original plan and field notes. R.S.O. 1914, c. 166, s. 43. (*Amended.*)

Broken front in township with alternate concessions.

**29.**—(1) In any township that has been surveyed or may hereafter be surveyed into sections or blocks agreeably to an Order-in-Council dated the 27th day of March, 1829, or subsequent orders, the division line between the halves of any unbroken regular lot where intended to run from front to rear shall be a line drawn on the same course as it is required to run any side line of such lot which was not run in the original survey from a point on the front of said lot midway between the front angles thereof and the division line between the halves of any such lot where intended to run from side line to side line across the lot shall be a straight line joining the midway points on the side lines thereof and in dividing any such lot into quarters or other aliquot parts the same methods shall be adopted, but the provisions of this subsection shall not apply to any such lot the whole or part of which has been patented before the 24th day of March, 1911. R.S.O. 1914, c. 166, s. 31. (*Amended.*)

Aliquot parts section system.

(2) Except as provided in subsection 1 of this section and in section 29 of this Act, every patent, grant or instrument purporting to be for any aliquot part of any concession, block, gore, common, lot or parcel of land in any township, city, town or village shall be construed to be a grant of such aliquot part of the quantity the same may contain, whether such quantity be more or less than that expressed in such patent, grant or instrument. R.S.O. 1914, c. 166, s. 18. (*Amended.*)

Aliquot.  
As to aliquot parts of townships, etc.

(3) Where in any survey of Crown lands made under the authority of the Minister, any lot or other subdivision bordering upon a lake or river is given an acreage covering only the land area, such lot or other subdivision shall include the land area only, and not any land covered by the water of such lake or river.

(4) Subsection 2 shall not affect the rights, if any, of any person where such rights have heretofore been determined by a court of competent jurisdiction.

Location  
of section  
corners.

**30.**—(1) Where the concession line in front of two adjacent sections or blocks in any township heretofore or hereafter surveyed into sections or blocks under the authority of an Order-in-Council dated the 27th day of March, 1829, or subsequent orders, is shown on the plan and field notes to be on the same astronomical course, and in one and the same straight line, and the side lines between such sections or blocks and between the adjacent section or blocks on the opposite side of such concession line as shown on the plan and field notes to be on the same astronomic course and on the same straight line, and the position of the original monument marking the adjacent corners of such section or block cannot be satisfactorily ascertained, the surveyor shall connect the nearest undisputed points on the concession line in front of such sections or blocks by a straight line and join the nearest undisputed points on the side line between the sections or blocks, and the intersection of these two lines shall be the angle of the adjacent sections or blocks. Provided that the undisputed points on the side line to be connected are not more than twenty chains apart, and that one of them is on either side of the concession line. If such undisputed points on the side line are more than twenty chains apart, the surveyor shall then establish the angle of the sections or blocks by dividing proportionately, as intended in the original survey, the distance between the two nearest undisputed angles or lots on the concession line in front of such sections or blocks, and the point so ascertained shall be the angle of the sections or blocks. *Amended.*

Where un-  
disputed  
points  
more than  
20 chains  
apart.

(2) Where the concession line in front of two such adjacent sections or blocks, is shown on the plan and field notes to be on the same astronomic course and in the same straight line, and the side lines between such adjacent sections or blocks, and the adjacent sections or blocks on the opposite side of the concession line are shown on the plan and field notes not to be on the same astronomic course or not in one and the same straight line, and the post or posts defining the adjacent angles of such adjacent sections or blocks cannot be found nor the position thereof satisfactorily established and the side lines obliterated in such manner that they cannot be accurately determined, the surveyor shall determine the position of the angles that are lost by division in the same proportion as is shown on the plan or field notes of the distance between the nearest angles of lots on the concession line that can be satisfactorily established, one being on either side of the angles that are lost.

An Act to confirm Agreements between the Canadian Bankers Association and His Majesty, the King.

**W**HEREAS owing to the urgent necessity for increased food production in the Province of Ontario, it was deemed desirable in the public interests to arrange for advances to *bona fide* farmers in the Province of Ontario for the purpose of buying seed grain, for the seasons of 1917 and 1918; and whereas His Majesty, the King, represented by the Honourable Thomas W. McGarry, Treasurer of the Province of Ontario, entered into contracts with the Canadian Bankers Association, copies of which are set out in Schedule "A" to this Act providing for loans to *bona fide* farmers in the Province of Ontario for the purpose of buying seed for the seasons of 1917 and 1918; and whereas it is expedient that the said contracts should be confirmed and the Government of Ontario should be authorized and empowered to complete and carry out the said contracts;

Therefore His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. This Act may be cited as *The Grain Loans Act*. Short title.
2. The Agreement dated the 9th day of May 1917, and the Agreement dated the 15th day of March, 1918, between His Majesty, the King, represented therein by the Honourable Thomas W. McGarry, Treasurer of the Province of Ontario and the Canadian Bankers Association, which Agreements are set out in Schedule "A" of this Act are hereby confirmed and declared to be legal, valid and binding upon the parties thereto. Agreement of 9th May, 1917, and 15th March, 1918, confirmed.
3. The Lieutenant-Governor in Council is hereby authorized and empowered to do all and every act, matter and thing requisite or necessary or deemed advisable to be done in order to complete and carry out the said contracts and all and every proviso and stipulation therein contained purporting to be made by or on behalf of His Majesty, the King. Authority to carry out agreements.

Agreement entered into this ninth day of May, A.D. 1917,

Between:

His Majesty the King represented by the Honourable Thomas W. McGarry, Treasurer of the Province of Ontario of the first part,

and

The Canadian Bankers Association, herein referred to as the "Association" of the second part.

Witnesseth as follows:

1. This agreement is entered into by the contracting parties in view of the urgent necessity for increased food production in the Province of Ontario.

2. The Association agrees that so far as lies in its powers, it will arrange that all banks, members of the Association doing business in the Province of Ontario, will favourably entertain and consider applications from *bona fide* farmers in the Province of Ontario for loans for the purpose of buying seed for the season of 1917, subject nevertheless to the following terms and conditions, that is to say:

(a) There shall be no obligation upon any bank to grant loans indiscriminately or to grant any particular loan, it being understood, however, that reasonable precaution being exercised, loans will not be confined to applicants who own their own lands or are otherwise in such financial position that they would ordinarily be entitled to credit, but will include tenant farmers, and that due regard will be had to the present situation and the necessity for increased crop production. Provided, however, that such loans shall not be knowingly made to those persons in Ontario who have already received loans from the Settlers Loan Commissioner for the purchase of seed.

(b) Loans entitled to the benefit of this agreement may be made up to and including the 1st day of July, 1917, shall not exceed the sum of Two hundred dollars (\$200) to any one applicant, and shall be repayable with interest at the rate of six per cent. (6%) per annum not later than the 1st day of November, 1917.

(c) Every bank making a loan pursuant to this agreement shall take from the borrower a promissory note in ordinary form and shall also take security in writing in accordance with the provisions of the Act of the Dominion Parliament, 1915, amending the Bank Act, 5 Geo. V, cap. 1, which said security may be in the form set forth in Schedule "A" to this agreement or to the like effect and may also take such other security, if any, as in the judgment of such bank is reasonably available.

3. Every bank making loans pursuant to this agreement will use its ordinary machinery for collection thereof, at and after maturity and will reasonably adopt all ordinary means for collection thereof, but shall not be responsible for any failure to collect same.

4. Every bank claiming the benefit of this agreement with respect to loans shall within ten days after making each loan advise the Honourable, the Provincial Treasurer thereof by letter addressed to him at his office in the Parliament Buildings, Toronto, stating the name and address of each borrower and the amount of the loan: and shall make a return to the Honourable, the Provincial Treasurer, on or after the 20th day of November, 1917, and before the close of business on the 1st day of December, 1917, of all loans made pursuant to this agreement, upon which at the date of such return any amount shall remain outstanding and unpaid.

5. Banks having made returns in accordance with the provisions of the next preceding paragraph will be entitled to make a further return to the Honourable, the Provincial Treasurer, of all loans made pursuant to this agreement upon which on the 1st day of March, 1918, there shall remain outstanding and unpaid any amount due either in respect to principal or interest, and of all costs and expenses reasonably incurred in endeavoring to collect the same; and subject to audit and correction the aggregate amount stated in such return as then due to the bank making the same in respect to the said loans, interest and costs, shall be the amount to be repaid to such bank by the Honourable, the Provincial Treasurer, in accordance with the provisions of this agreement.

6. In consideration of this agreement on the part of the Association and in consideration of the making of the said loans in accordance therewith by banks, members of the Association, His Majesty the King, represented by the Honourable Thomas W. McGarry, Provincial Treasurer, hereby agrees with the Association and with each and every bank, member of the Association, which shall make any loan in pursuance thereof that such banks shall be and are hereby guaranteed and indemnified against loss, costs or expenses in connection therewith and that His Majesty will cause to be paid out of the revenue of the Province of Ontario, the amount of any loss, costs or expenses incurred by such bank in respect of any such loan, provided always that the return hereinbefore required shall have been duly made in accordance with the provisions hereof.

7. After payment of all loss made in connection with loans in respect of which any bank is entitled to the benefit of this agreement, such bank shall thereafter hold the note representing such loans and all security taken in respect thereof for the benefit of His Majesty, and shall thereafter deal therewith as the Honourable, the Provincial Treasurer shall from time to time direct.

8. And it is further declared and agreed that the Honourable, the Provincial Treasurer, executing this agreement on behalf of His Majesty the King, represents also the Government of the Province of Ontario, and undertakes and agrees on the part of the Government that legislation will be introduced, and if possible passed at the next session of the Legislature of the Province of Ontario, confirming this agreement and authorizing payment out of the revenues of Ontario, all such amounts of money as shall be required to be paid for the purpose of carrying out this agreement.

In witness whereof this agreement has been signed and sealed by the said, the Honourable Thomas W. McGarry, and has been executed by the Canadian Bankers Association under its corporate seal and the signatures of its proper officers in that behalf.

The amount of debentures of each corporation sold or

disposed of from time to time shall be such proportion as may be fixed by the Commission of the total amount of debentures, due regard being given to the capital invested, the service rendered, the comparative revenue derived, and all other equitable conditions;

(c) To make no agreement or arrangement with, and to grant no bonus, license or other inducement to any other railway or transportation company without the written consent of the Commission;

(d) To keep, observe and perform the covenants, provisos and conditions set forth in this agreement intended to be kept and observed and performed by the corporations, and to execute such further or other documents and to pass such by-laws as may be requested by the Commission for the purpose of fully effectuating the objects and intent of this agreement;

(e) To furnish a free right of way for the railway and for the power lines of the Commission over any property of the corporations upon being so requested by the Commission, and to execute such conveyance thereof or agreement with regard thereto as may be desired by the Commission.

3. It shall be lawful and the Commission is hereby authorized to create or cause to be created an issue of bonds, and to sell or dispose of the same on behalf of the corporations. Such bonds to be charged upon and secured by the railway, and all the assets, rights, privileges, revenues, works, property and effects belonging thereto or held or used in connection with the railway constructed, acquired, operated and maintained by the Commission under this agreement, and to be for the total amounts mentioned in schedule "B" hereto attached; provided that the Commission may, upon obtaining the consent as herein defined of the majority of the corporations, increase the said bond issue by any amount necessary to cover the capital cost of extending the railway, and may also without such consent increase the said bond issue to cover the cost of additional works or equipment of any kind for use on the railway to an extent not exceeding ten per cent. (10%) of the bonds issued from time to time. In order to meet and pay such bonds and interest as the same becomes due and payable the Commission shall in each year after the expiration of ten years from the date of the issue of the bonds out of the revenue of the railway after payments of operating expenses (including electrical power) and the cost of administration set aside a sufficient sum to provide a sinking fund for the purpose of redeeming the same at maturity. Debentures issued by the corporations in compliance with clause 2 (b) hereof, shall, to the extent of the par value of any bonds outstanding from time to time, be held or disposed of by the Commission in trust for the holders of such bonds as collateral security for payment thereof, it being understood and agreed that in the event of any increase of the said bond issue each corporation shall, upon the request of the Commission deposit with the Commission additional debentures as described in clause 2 (b) hereof, to be held or disposed of by the Commission as collateral security for such increase of the said bond issue, and that any debentures held by the Commission in excess of the par value of the outstanding bonds from time to time may be held or disposed of by the Commission to secure payment of any deficit arising from the operation of the railway.

4. In the event of the revenue derived from the operation of the undertaking being insufficient in any year to meet the operating expenses (including electrical power), the cost of administration and the annual charges for interest and sinking fund on the bonds, and for the renewal of any works belonging in whole or in part to the railway, such deficit shall be paid to the Commission by the corporations upon demand of and in the proportion adjusted by the Commission. In the event of the failure of any corporation to pay its share of such a deficit as adjusted by the Commission, it shall be lawful for the Commission in the manner provided in clause 2

(b) to dispose of debentures held by the Commission as security for any such deficit. Any arrears by any corporation shall bear interest at the legal rate.

5. Should any corporation fail to perform any of the obligations to the Commission under this agreement, the Commission may, in addition to all other remedies and without notice, discontinue the service of the railway to such corporation in default until the said obligation has been fulfilled, and no such discontinuance of service shall relieve the corporation in default from the performance of the covenants, provisos and conditions herein contained.

6. In case the Commission shall at any time or times be prevented from operating the railway or any part thereof by strike, lockout, riot, fire, invasion, explosion, act of God, or the King's enemies, or any other cause reasonably beyond its control, then the Commission shall not be bound to operate the railway or such part thereof during such time; but the corporations shall not be relieved from any liability or payment under this agreement, and as soon as the cause of such interruption is removed the Commission shall, without any delay, continue full operation of the railway, and each of the corporations shall be prompt and diligent in doing everything in its power to remove and overcome any such cause or causes of interruption.

7. It shall be lawful for, and the corporations hereby authorize the Commission to unite the business of the railway with that of any other railway system operated in whole or in part by the Commission, and to exchange equipment and operators from one system to the other, proper provision being made so that each system shall pay its proportionate share of the cost of any equipment used in common.

8. If at any time any other municipal corporation applies to the Commission for an extension of the railway into its municipality the Commission shall notify the applicant and the corporations, in writing, of a time and place to hear all representations that may be made as to the terms and conditions relating to such proposed extension. If, on the recommendation of the Commission, such extension shall be authorized, without discrimination in favour of the applicant, as to the cost incurred or to be incurred for or by reason of any such extension, the Commission may extend the railway upon such terms and conditions as may appear equitable to the Commission.

No such application for an extension of the railway into any municipality the corporation of which is not a party to this agreement shall be granted if it is estimated by the Commission that the cost of service of the railway to the corporations parties hereto will be thereby increased or the revenue and accommodation be injuriously affected without the written consent of the majority of the corporations parties hereto.

9. The consent of any corporation required under this agreement shall mean the consent of the council of such corporations, such consent being in the form of a municipal by-law duly passed by the council of the corporation.

10. The Commission shall at least annually, adjust and apportion between the corporations the cost of construction, equipment, operation, interest sinking fund, and also the cost of renewing the property of the railway.

11. Every railway and all the works, property and effects held and used in connection therewith, constructed, acquired, operated and maintained by the Commission under this agreement and the said Act shall be vested in the Commission on behalf of the corporations; but the Commission shall be entitled to a lien upon the same for all money expended by the Commission under this agreement and not repaid.

12. Each of the corporations covenants and agrees with the other:—

(a) To carry out the agreements and provisions herein contained:—

(b) To co-operate by all means in its power at all times with the Commission to create the most favourable conditions for the carrying out of the objects of this agreement and of the said Act, and to increase the revenue of the railway and ensure its success.

13. In the event of any difference between the corporations the Commission may, upon application, fix a time and place to hear all representations that may be made by the parties, and the Commission shall adjust such differences, and such adjustments shall be final. The Commission shall have all the powers that may be conferred upon a commissioner appointed under the *Act Respecting Enquiries Concerning Public Matters*.

14. This agreement shall continue and extend for a period of fifty years from the date hereof, and at the expiration thereof be subject to renewal, with the consent of the corporations from time to time for like periods of fifty years, subject to adjustment and re-apportionment as herein provided for the purposes of this agreement as though the terms hereof had not expired. At the expiration of this agreement the Commission shall determine and adjust the rights of the corporations, having regard to the amounts paid or assumed by them respectively under the terms of this agreement, and such other considerations as may appear equitable to the Commission and are approved by the Lieutenant-Governor in Council.

15. It is understood and agreed that the rates imposed for the share of the cost to be borne by those municipalities listed in schedule "C" attached hereto, shall be imposed upon the rateable property set forth respectively in the said schedule.

16. This agreement shall not come into effect until it has been sanctioned by the Lieutenant-Governor in Council.

In witness whereof the Commission and the Corporations have respectively affixed their corporate seals and the hands of their proper officers.

8. If at any time any other municipal corporation applies to the Commission for an extension of the railway into its municipality the Commission shall notify the applicant and the corporations, in writing, of a time and place to hear all representations that may be made as to the terms and conditions relating to such proposed extension. If, on the recommendation of the Commission, such extension shall be authorized, without discrimination in favour of the applicant, as to the cost incurred or to be incurred for or by reason of any such extension, the Commission may extend the railway upon such terms and conditions as may appear equitable to the Commission.

No such application for an extension of the railway into any municipality the corporation of which is not a party to this agreement shall be granted if it is estimated by the Commission that the cost of service of the railway to the corporations parties hereto will be thereby increased or the revenue and accommodation be injuriously affected without the written consent of the majority of the corporations parties hereto.

9. The consent of any corporation required under this agreement shall mean the consent of the council of such corporations, such consent being in the form of a municipal by-law duly passed by the council of the corporation.

10. The Commission shall, at least annually, adjust and apportion between the corporations the cost of construction, equipment, operation, interest, sinking fund, and also the cost of renewing the property of the railway.

11. Every railway and all the works, property and effects held and used in connection therewith, constructed, acquired, operated

and maintained by the Commission under this agreement and the said Act shall be vested in the Commission on behalf of the corporations; but the Commission shall be entitled to a lien upon the same for all money expended by the Commission under this agreement and not repaid.

12. Each of the corporations covenants and agrees with the other:—

(a) To carry out the agreements and provisions herein contained:—

(b) To co-operate by all means in its power at all times with the Commission to create the most favourable conditions for the carrying out of the objects of this agreement and of the said Act, and to increase the revenue of the railway and ensure its success.

13. In the event of any difference between the corporations the Commission may, upon application, fix a time and place to hear all representations that may be made by the parties, and the Commission shall adjust such differences, and such adjustments shall be final. The Commission shall have all the powers that may be conferred upon a commissioner appointed under the *Act Respecting Enquiries Concerning Public Matters*.

14. This agreement shall continue and extend for a period of fifty years from the date hereof, and at the expiration thereof be subject to renewal, with the consent of the corporations from time to time for like periods of fifty years, subject to adjustment and re-apportionment as herein provided for the purposes of this agreement as though the terms hereof had not expired. At the expiration of this agreement the Commission shall determine and adjust the rights of the corporations, having regard to the amounts paid or assumed by them respectively under the terms of this agreement, and such other considerations as may appear equitable to the Commission and are approved by the Lieutenant-Governor in Council.

15. It is understood and agreed that the rates imposed for the share of the cost to be borne by those municipalities listed in schedule "C" attached hereto, shall be imposed upon the rateable property set forth respectively in the said schedule.

16. This agreement shall not come into effect until it has been sanctioned by the Lieutenant-Governor in Council.
